**MONTHLY REPORT OF SOUTHERN CALIFORNIA GAS COMPANY
(U 904 G) ON LOW INCOME ASSISTANCE PROGRAMS FOR AUGUST 2008**

I. INTRODUCTION

In Ordering Paragraphs (OP) 14 through 17 of Decision (D.) 01-05-033 the California Public Utilities Commission (Commission) directs Southern California Gas Company (SoCalGas) and the other Investor Owned Utilities (IOUs)¹ to provide monthly status reports on the costs and impacts of their Rapid Deployment (RD) efforts on their California Alternate Rates for Energy (CARE) and Low Income Energy Efficiency (LIEE) programs.

In Application (A.) 06-06-033 SoCalGas proposed changes to the monthly Rapid Deployment reports in an effort to streamline the reports while maintaining their value. SoCalGas, along with the other utilities, then worked closely with the Energy Division to further develop and update the tables used to report low-income program activity on a monthly basis. In D.06-12-038, the utilities' proposed changes for the monthly program

¹ The other IOUs include San Diego Gas & Electric Company, Southern California Edison Company, and Pacific Gas and Electric Company.

reporting were approved. The reports will henceforth be referred to as the “Monthly Reports on Low Income Assistance Programs.”

This eighth monthly report on SoCalGas’ 2008 Low Income Assistance Programs includes actual LIEE and CARE results and expenditures through August.

II. OUTREACH and LEVERAGING for CARE AND LIEE

In August, an electronic newsletter was sent out to 71,000 SoCalGas customers throughout its service area promoting the CARE and LIEE programs.

During the month of August, an LIEE bill insert campaign was launched targeting approximately 170,000 customers in select zip codes in Los Angeles, Watts, Compton, Stanton, and Banning. This campaign targeted customers believed to have a high probability of meeting the LIEE eligibility criteria. This effort promoted the LIEE program and encouraged recipients to contact the SoCalGas LIEE call center to learn more about the program.

SoCalGas representatives participated in four low-income oriented outreach events within its service territory. Events included: A Taste of San Pedro public forum in San Pedro, Ecuadorian Independence celebration in Placentia, the City of Whittier Health and Safety fair and the Day at the Farm festival in Lindsay. Participants were given information about all of the programs and services currently being offered by SoCalGas. In total, an estimated 26,000 customers had the opportunity to learn more about SoCalGas’ low-income programs.

III. LOW-INCOME ENERGY EFFICIENCY (LIEE)

August Results – LIEE Installations

SoCalGas processed and paid for the installation of weatherization measures in 5,608 homes for the month of August.

The total number of appliances serviced during August was 435, which included 278 furnace repairs, 138 furnace replacements, and 19 water heater replacements.

LIEE measure and appliance installations processed and paid during the month can be found in SoCalGas' Table 2L, LIEE Measure Installations & Savings.

LIEE Authorized Funding Versus Actual Expenditures

SoCalGas' LIEE Program expenditures totaled \$2.4 million for services processed and paid during the month of August, and \$13.4 million year-to-date. An additional \$247,000 was spent on administration, for a year-to-date program administration cost of \$3.1 million. Total LIEE program costs through August are 49% of the 2008 authorized budget (See Table 1L).

IV. CALIFORNIA ALTERNATE RATES FOR ENERGY (CARE)

August CARE Enrollment Results

As of August 2008, 1,385,426 residential customers were enrolled in the CARE program, which is a net increase of 2,172 customers from July 2008. During August 25,144 new CARE applications were approved, which included 121 from CARE capitation contractors (See Table 2C). SoCalGas' penetration rate for the CARE program at the end of August was 81.2%.

Telephone Enrollments

SoCalGas launched its sixth Automated Voice Messaging (AVM) campaign for CARE during August. This campaign targeted low-income customers throughout SoCalGas' service territory who were recently dropped from CARE due to non-response to the program's recertification requirement. The August AVM campaign produced 1,342 new enrollments and has enrolled nearly 19,000 customers onto the CARE rate discount throughout the year.

Third-Party Enrollments

During August, SoCalGas' CARE Third-Party Outreach program produced 3,870 new enrollments. This door-to-door outreach program targets SoCalGas' hardest-to-reach low-income customers who have been non-responsive to most other outreach methods. Year-to-date, over 39,000 new customers have enrolled in CARE through SoCalGas' third-party enrollment process.

Web Based Enrollments

During August, SoCalGas received 4,524 CARE applications through its internet based outreach activities resulting in 1,981 new CARE enrollments. Activities include e-newsletters, targeted e-campaigns and promoting the CARE website on various collateral materials and during mass media campaigns. Year-to-date, almost 12,000 customers have enrolled in CARE through the on-line option, which represents a 500% increase from year end 2007.

CARE Authorized Funding Versus Actual Expenditures

CARE administrative expenses for August totaled \$466,910. Year-to-date costs totaled \$3.3 million which is 70% of the authorized 2008 CARE administrative budget. CARE rate and Service Establishment Charge discounts for August totaled \$6.6 million. Year-to-date costs are \$86.0 million which is 68% of the projected 2008 CARE Subsidies and Benefits budget.

The comparison of actual expenses to the budgeted figures for August is provided in Table 1C.

V. CONCLUSION

SoCalGas continues to implement its outreach efforts with the goal of providing LIEE services to as many qualified customers as possible and increasing CARE participation during PY2008.

Respectfully submitted,

/s/ KIM F. HASSAN
