

Session	Type	Comment / Question Asked	Issue / Theme	Submitted by:	Affiliation
March 9th 2023 10 - 11 am	Virtual Chat	2.9 billion dollar profit of Semptra and you don't listen to the community and get the compressor out of the neighborhood. Get out!	Project/Station Safety & Health	Juan	Unknown
March 9th 2023 10 - 11 am	Virtual Chat	Can this compressor station be moved away from homes and a school?	Project/Station Safety & Health	Frances [REDACTED]	Unknown
March 9th 2023 10 - 11 am	Virtual Chat	Will this new system capture vented gas emissions?	Project/Station Operations	Frances [REDACTED]	Unknown
March 9th 2023 10 - 11 am	Virtual Chat	Frances - of course it must be moved. They don't care about our children	Project/Station Safety & Health	Juan	Unknown
March 9th 2023 10 - 11 am	Virtual Chat	I understand methane detection sensors have or are being installed, but what is your company doing once a methane leak is detected by the methane detection sensors?	Project/Station Safety & Health	Jack [REDACTED]	Unknown
March 9th 2023 6:30 - 7:30 pm	Comment Card	Please move the methane compressor away from the elementary school. It's not a prudent location for a station that has a non-zero explosion risk.	Project/Station Safety & Health	Tim [REDACTED]	Sojourners, Author/Photographer
March 9th 2023 6:30 - 7:30 pm	Comment Card	You want to listen to the community. Listen to the city council. Listen to the Board of Supervisors. We don't want a methane super emitter in our neighborhood.	Project/Station Safety & Health	Andra [REDACTED]	Former Ojai Valley News reporter, Comms at LetsGreenCA
March 9th 2023 6:30 - 7:30 pm	Comment Card	We need the gas compression station be closed. The air quality in our neighborhood is poor. Please close the station or relocate the families that live around the station.	Project/Station Safety & Health	Jorge [REDACTED]	Unknown
March 9th 2023 6:30 - 7:30 pm	Comment Card	As I attend school on the Avenue near the site proposed, I would like to suggest one of the other building sites, such as Avocado or Devil's Canyon Road because I would like to feel safe at school without worrying about a gas site with potentially dangerous materials.	Project/Station Safety & Health	Evelyn [REDACTED]	Student

March 9th 2023 6:30 - 7:30 pm	Comment Card	Under existing law would it be legal to build a new compressor next to an elementary school? Would it be prudent? I think not.	Project/Station Safety & Health	Andra [REDACTED]	Former Ojai Valley News reporter, Comms at LetsGreenCA
March 9th 2023 6:30 - 7:30 pm	Comment Card	My children attend school near the site. We have learned about potential dangers & emissions. Request an alternative location for the compressor - there are several identified.	Project/Station Safety & Health	Anne [REDACTED]	Parent
March 9th 2023 6:30 - 7:30 pm	Comment Card	Please build this station - but - isolate all 3 compressors in separate buildings!	Project/Station Operations	JC [REDACTED]	Unknown
March 9th 2023 6:30 - 7:30 pm	Comment Card	Your employee not wearing identification (wearing a white sweater) - Coughing during the entire meeting. - Not wearing a mask. - Shows no respect for public health!	Public Health (unrelated to project)	(no name written)	Unknown
