

NONPROFIT MIGRANT FARMWORKER HOUSING CENTERS

Your facility may be eligible for the CARE program for qualified nonprofit migrant farmworker housing centers (MFHC), administered by SoCalGas. To be eligible, facilities must meet all program criteria and associated enrollment responsibilities as established by the California Public Utilities Commission and described in the applicable application.

To receive this assistance, the MFHC must:

- Be a nonprofit MFHC or contract with the Office of Migrant Services' Department of Housing and Community Development, to provide housing to migrant farmworkers.
- Be the SoCalGas customer of record.
- Verify that tenants in individual housing units qualify for CARE.
- Agree to use the CARE discount for the benefit of the occupants of the migrant farmworker center, and maintain supporting records and documents of how savings from the reduction benefit the occupants.
- Notify SoCalGas of any change that would remove or add to eligible units.
- Recertify and update its application every two years to remain enrolled in the program.
