

BECOME A CARE CAPITATION AGENCY

What is the CARE program?

The California Alternate Rates for Energy (CARE) program provides eligible SoCalGas® customers a 20% discount on their monthly natural gas bill. Program eligibility is based on the household income or if someone in the household is enrolled in a public assistance program (see chart on page 2). Participants are required to recertify their eligibility every two or four years when requested, depending on their qualifications.

The CARE program is available to residential, multi-family dwelling units, and mobile home parks with submeters to all individuals.

Learn more at socalgas.com/CARE

How you can Participate:

SoCalGas is offering community based organizations, under agreement, compensation for enrolling their program participants in the CARE program. You can help non-English speaking communities, ethnically diverse groups, seniors, rural residents, veterans, and other hard-to-reach groups learn more about CARE.

- Agencies are accepted based on SoCalGas' geographic needs and the agency's ability to incorporate the program into their existing services.
- Agencies will be compensated for all approved CARE applications that are submitted to SoCalGas.
- The program will not compensate for ineligible customers, incomplete applications, or customers already enrolled in the CARE program.

How to get started in the CARE Capitation Agencies program:

- Complete the enclosed questionnaire and email or mail it to the address on page 3.
- Agencies selected for the program will be notified by SoCalGas. Accepted agencies will be required to sign a service agreement and return with a certificate of insurance and a W-9 Tax form.
- Training will be provided to all new agencies.

TWO ways to qualify for CARE

Assistance programs

If you or another person in your household participates in any of these programs:
