SOUTHERN CALIFORNIA GAS COMPANY  
NOTICE OF REQUEST TO INCREASE YOUR RATES  
FOR LOW-INCOME ASSISTANCE PROGRAMS AND  
BUDGETS FOR PROGRAM YEARS 2021 - 2026  
APPLICATION NO. A.19-11-006**

On November 4, 2019, Southern California Gas Company (SoCalGas®) filed its California Alternate Rates for Energy (CARE) program and Energy Savings Assistance (ESA) program Application (A.19-11-006) with the California Public Utilities Commission (CPUC). In this application, SoCalGas seeks approval to increase customer rates to fund the CARE and ESA programs for years 2021 through 2026. These programs assist qualified low-income customers with their energy bills and help customers use energy more efficiently. The CARE program offers eligible SoCalGas customers a 20 percent discount on their monthly natural gas bill. The ESA program provides qualified renters and homeowners with home improvements that help conserve energy and help reduce their natural gas bill. The energy efficiency home improvement services are professionally installed at no cost to the customer. SoCalGas seeks funding approval of \$281 million for 2021, \$287 million for 2022, \$ 288 million for 2023, \$ 290 million for 2024, \$ 292 million for 2025, and \$ 293 million for 2026 to become effective on January 1, 2021.

If the CPUC approves this application, natural gas rates will change to reflect costs. The Public Purpose Program (PPP) surcharge is a component of your natural gas rate which funds the CARE and ESA program. In this application only the PPP Surcharge portion of your rate will increase. Natural gas rates will increase by \$40.2 million in 2021, increase by \$46.6 million in 2022, increase by \$47.9 million in 2023, increase by \$49.4 million in 2024, increase by \$51.0 million in 2025, and increase by \$52.0 million in 2026, compared to present rates.

**HOW WILL THIS APPLICATION AFFECT  
NATURAL GAS RATES?**

If SoCalGas' request is approved, the average monthly residential bill of a residential non-CARE customer using 34 therms will increase from \$44.90 to \$45.20 in 2021, \$45.28 in 2022, \$45.29 in 2023, \$45.30 in 2024, \$45.32 in 2025, and \$45.32 in 2026. Compared to 2019 rates, this represents a 0.7% increase for 2021, a 0.8% increase for 2022, a 0.9% increase for 2023, a 0.9% increase for 2024, a 0.9% increase for 2025, and a 0.9% increase for 2026.

The following tables show the increase in the PPP surcharge for 2021-2026 compared to present rates. Please note however, that CARE customers are not billed for costs associated with the CARE program.
