

A  Sempra Energy utility[®]

ZERO PERCENT ON-BILL FINANCING

The Gas CompanySM offers zero percent financing to eligible customers with up to \$250,000 per meter* for taxpayer-funded, institutional customers (e.g. cities, counties, public schools, etc.) and \$100,000 per meter for non-institutional customers. The loan repayment amount is conveniently billed through your monthly gas bill so you don't have to hassle with separate bills or dealing with other financial institutions. This financing offering is designed primarily to help capital-constrained customers purchase and install qualified energy efficiency measures. It works in conjunction with The Gas Company's energy efficiency programs to provide interest-free financing in addition to rebates and incentives. Helping customers improve the energy efficiency of their business is just one way The Gas Company is helping customers save energy and money.

Program Features

- Interest-free, unsecured loans.
- Institutional customers: loans offered per meter from \$5,000-\$250,000, with a maximum loan term of ten years or useful life of measure(s) (whichever is shorter).
- Non-Institutional customers: loans offered per meter from \$5,000-\$100,000 with a maximum five year loan term.
- Monthly loan repayment amount billed on the utility bill.
- No penalty for early repayment.
- Loans not transferrable.

Eligible Customers**

- Non-residential customers (including institutional customers) and owners of multifamily units who do not reside on the premises.

- Must have had an active account with The Gas Company for the past two years in the same business.
- Customer's account from The Gas Company must be in good standing.

Project Eligibility**

- Equipment must be installed at the meter of the account holder of record in which the loan is being made.
- Project must meet terms and conditions of one or more energy efficiency programs offered by The Gas Company.
- Project payback based on projected annual energy savings for taxpayer-funded institutions must be 10 years (or useful equipment life, whichever is shorter) or better; for all other projects is 5 years or better.

(Continued on reverse)

* This financing offering is provided to eligible customers on a first-come, first-served basis until the program funds are no longer available.
** Other eligibility requirements may apply.

Examples of Qualifying Equipment and Measures

All equipment or measures must qualify for at least one of our energy efficiency programs. Here is a partial list of programs and qualifying equipment.

Commercial Food Service	Express Efficiency	Business Energy Efficiency Program
High Efficiency Fryers	Greenhouse curtains	Furnaces, Kilns, Ovens
Steamers	Condensing Hot Water Heaters	Heat Recovery
	Pipe/tank insulation	Waste Water Heat Recovery
		Boiler Economizers
		Boiler Oxygen Trim Controls

If your energy efficiency project is not listed here but has a payback period that could qualify for On Bill Financing, please give us a call. We are available to help find the right solution for you.

Get Started

Start saving energy today! On Bill Financing can help qualified customers with zero percent financing in just a few simple steps.

1. Call **1-800-427-6584** (select option 6) or email us at **scgobf@semprautilities.com** to contact our program staff and see if your project qualifies (qualified projects will receive a free energy audit to determine the energy savings).
2. Apply for the energy efficiency rebate or incentive.
3. Install the equipment (The Gas Company will conduct 100% post-inspections of all qualified equipment).
4. Issue Loan – monthly repayment of this loan will be included on your utility bill.
