

ENVOY Firm Access Rights Transition

Transition from ENVOY TO ENVOY-FAR

Southern California Gas Company's (SoCalGas) ENVOY® gas management system will transition into Firm Access Rights (FAR) effective for gas day October 1, 2008. Deployment of ENVOY for FAR will occur on September 24, 2008. At that time ENVOY-FAR will begin accepting nominations and confirmations for October 1. Your Envoy logon ID will not change. Please take advantage of this transition period to explore ENVOY for FAR and practice submitting your transactions (don't forget to delete your practice nominations). You can access Envoy at:

www.socalgas-envoy.com

On September 24, 2008, two versions of Envoy will be running simultaneously. The home page will allow you to enter the system by either selecting the Envoy or the Envoy (FAR) logon button.

OCTOBER BUSINESS – ENVOY (FAR)

The Envoy system will be available for October business beginning September 24th, ENVOY will allow you to make nominations and confirmations for transactions between Pipelines and Receipt Point Access Contracts (RPAC's) and from RPAC's to End Users, City Gate Pools, Storage and Off-system, etc. You must use the Envoy (FAR) version for October 1 business. Your ID and password will automatically rollover into the Envoy (FAR) version.

SEPTEMBER BUSINESS – Envoy

The "old" Envoy must be used to conclude September business.

Historical information will be available in Envoy (FAR-OFF).

New Informational Postings:

- o Daily Available Capacity vs. Scheduled Receipt Point Capacity – Displays firm capacity and firm and interruptible scheduled volumes
- o Index of Shippers – Listing of firm rights capacity holders
- o Daily Contracted Firm Receipt Point Capacity Report – Displays remaining firm capacity at each receipt point
- o Daily Interruptible Rate for Receipt Point Access –displays interruptible rate for each receipt point

These new postings are available on the SoCalGas Envoy home page and you will not need to log on to Envoy.

Secondary Market Trading

Two new modules are available in FAR Envoy:

Receipt Point Access:

- o **My Contracts** – Displays your RPMA, RPAC (Including OSD), and Pooling contracts with SoCalGas
- o **Buy Rights** – Allows the user to purchase interruptible, off system or available firm rights from SoCalGas
- o **Exchange Rights** – Allows the user to exchange receipt point (as-available) from existing RPAC's

Secondary Trading:

- o **Open/Prearranged Offers** – Displays open or prearranged offers for sale by any current contract holders
- o **Post Offer** – Allows users to post offer to other contract holders
- o **My Bids Detail** – Displays current and past bids posted by the user
- o **Award Detail** – displays awarded contracts

Trades

Monthly Imbalance Trades can be entered and confirmed on both versions of Envoy. As a reminder, under Envoy's "Manage Alerts" you can sign up for alerts to let you know:

- o Your monthly imbalance volume
- o Any "pending" trades that have not been confirmed
- o Reminder that the trading window is closing

New Reports

- o Balancing reports are now available for RPAC, City Gate Pools and OSD.
- o Reduction reports are now available for RPAC, City Gate Pools, OSD, Storage and End-User transactions
