

A Sempra Energy utility®

Zero Percent On-Bill Financing

The Gas CompanySM offers zero percent financing to eligible customers with up to \$250,000 per meter* for taxpayer-funded, institutional customers (e.g. cities, counties, public schools, etc.) and \$100,000 per meter for business customers. The loan repayment amount is conveniently billed through your monthly gas bill so you don't have to hassle with separate bills. This financing offering is designed primarily to help capital-constrained customers purchase and install qualified energy efficiency measures. It works in conjunction with our energy efficiency programs to provide interest-free financing in addition to rebates and incentives. Helping customers improve the energy efficiency of their business is just one way The Gas Company is helping customers save energy and money.

Program Features

- Interest-free, unsecured loans.
- Taxpayer-funded institutional customers: minimum loan amount per meter is \$5,000 and maximum loan amount per meter is \$250,000, with a maximum loan term of ten years or useful life of measure(s) (whichever is shorter).
- Business customers: minimum loan amount per meter is \$5,000 and maximum loan amount per meter is \$100,000, with a maximum five year loan term.
- Monthly loan repayment amount billed on the utility bill.
- No penalty for early repayment.
- Loans not transferrable.

Eligible Customers**

- Non-residential customers (including taxpayer-funded institutional customers) and owners of multifamily units who do not reside on the premises.
- Must have had an active account for the past two years in the same business.
- Account must be in good standing.***

Project Eligibility**

- Equipment must be installed at the meter of the account holder of record in which the loan is being made.
- Project must meet terms and conditions of one or more energy efficiency programs offered by The Gas Company.
- Project payback based on projected annual energy savings for taxpayer-funded institutions must be 10 years (or useful equipment life, whichever is shorter) or better; for all other projects it is 5 years or better.

(Continued on reverse)

* This financing offering is provided to eligible customers on a first-come, first-served basis until the program funds are no longer available.

** Other eligibility requirements may apply.

*** Please check with the utility to verify eligibility.

Examples of Qualifying Equipment and Measures

All equipment must qualify for at least one of our energy efficiency programs. Here is a partial list of programs and qualifying equipment.

Energy Efficiency Rebates for Business	Energy Efficiency Calculated Incentive Programs
Greenhouse curtains	Furnaces, Kilns, Ovens
Pipe/tank insulation	Heat Recovery
High Efficiency Fryers	Waste Water Heat Recovery
Steamers	Boiler Economizers
	Lean Burning Natural Gas Engines
	Ozone Laundry System
	Thermal Oxidizer

If your energy efficiency project is not listed here but has a payback period that could qualify for On Bill Financing, please give us a call. We are available to help find the right solution for you.

Get Started

Start saving energy today! On Bill Financing can help qualified customers with zero percent financing in just a few simple steps.

1. Call **1-800-427-6584** (select option 6) or email us at **scgobf@semprautilities.com** to contact our program staff and see if your project qualifies (qualified projects will receive a free energy audit to determine the energy savings).
2. Apply for the energy efficiency rebate or incentive.
3. Install the equipment (The Gas Company will conduct 100% post-inspections of all qualified equipment).
4. Issue Loan – monthly repayment of this loan will be included on your utility bill.
