2010-2012 Multifamily Energy Efficiency Rebates

Cash rebates are available for the installation of qualified energy efficiency products in apartment dwelling units and in the common areas of apartment and condominium complexes, and common areas of mobile home parks. Property owners (and property managers, as authorized agents for property owners) of existing residential multifamily complexes with 2 or more dwelling units may qualify.

HOW TO APPLY

1. Read the **Terms and Conditions (page 4) found in the Application Package**. Funding is limited. Completed applications are accepted on a first-come, first-served basis, upon receipt, until funds are depleted. **INCOMPLETE and INCORRECT APPLICATIONS CANNOT BE PROCESSED.** Resubmitted applications are processed on a first-come, first-served basis, upon the new receipt date.
2. Visit our Web site at <http://www.socalgas.com/residential/contractors/> to make sure that funds are available, and applications are being accepted. **This program shall at all times be subject to change or termination without prior notice.**
3. **Before purchasing your energy efficient products, be sure they meet rebate specifications listed in the application (page 6 & 7).**
4. **Purchase and install** the products yourself or contract for the installation of the qualified product(s). All products must meet the specifications listed in the application.
5. **A reservation is required for Boiler and Central Water Heater Control Products only.** Boiler and Central Water Heater Control products require a reservation before a rebate application can be submitted. Please refer to the "How to Reserve" section (page 2) to place a reservation.
6. **All qualified products must be purchased and installed between January 1, 2010 and December 31, 2012. Please be aware these purchase and install periods will end earlier if funds are depleted.**
7. Once the product(s) have been installed, submit a completed Application Package (see page 10 for checklist). Mail the completed forms along with 1) copy of a recent SoCalGas bill, 2) paid itemized sales receipt(s), paid contractor invoice, or your paid Home Improvement Contract (HIC) listing manufacturer name(s), model number(s), and 3) any other required documentation to:

[SoCalGas Residential Energy Efficiency Rebates](#)
[2010-2012 SoCalGas Multifamily Rebate Program](#)
9240 Firestone Blvd.
Downey, CA. 90241-5388
8. **This Program will end on December 31, 2012, or earlier, if all allocated funds are depleted before that date. All Applications must be postmarked within 45 calendar days of the 2010-2012 program termination date to be considered eligible for a rebate. The date a measure is removed or suspended from the 2010-2012 program will represent the termination date for which postmark eligibility will be based.**
9. SoCalGas may conduct an inspection to verify the energy efficiency product(s) eligibility and installation prior to payment of rebate.
10. A rebate check for qualified product(s) is generally mailed 90 days after SoCalGas receives and approves a completed application, including all required documentation unless application is selected for inspection, which may add additional time. **Questions?** Call 1.888.431.2226 or email: EIC@semprautilities.com
11. You may not receive energy efficiency rebates for the same product or for the replacement of a product from any one California Investor-Owned Utility (IOU) participating in this program or other third party programs offering rebates, financing and other incentives, funded with California Public Utilities Commission (CPUC) Public Goods Charge funds.

RESERVATIONS REQUIRED FOR BOILER AND CENTRAL WATER HEATER CONTROL PRODUCTS ONLY

Property Owners or their Managers, as authorized agents for Property Owners, are required to reserve funding for boiler and central water heater control products only. Reservations are valid for 45 calendar days from the date SoCalGas provides you with a faxed confirmation of your reservation request. Separate reservations are required for each site address.

Steps to Reserve Rebate Funds:

1. You may request an application by calling 1.888.431.2226 or you may download an application from our website at: <http://www.socalgas.com/multifamily/>.
2. Complete the 2010-2012 Multifamily Energy Efficiency Rebate Reservation Form (page 9) and the Apartment and Common Area Products Form (page 5). Include a copy of the SoCalGas bill where the controller products are to be installed, and fax to SoCalGas - "Attention SoCalGas Multifamily Rebate Program" at 562.803.7534. Please note that the name on the reservation and application must match the name on the SoCalGas bill submitted.
3. Your reservation / rebate number will be faxed back to you. A pre-inspection may be required, and may delay reservation process. Once a reservation is provided, it will be valid for 45 calendar days beginning on the date the reservation / rebate number is faxed to you by SoCalGas. The reserved boiler or central water heater control product(s) must be purchased and installed, and the completed original application package received by SoCalGas, no later than close of business on the 45th calendar day following the date the reservation confirmation was faxed to you.
4. Failure to submit a completed application package by the 45th calendar day will result in forfeiture of the reservation. A new reservation will be required.
5. SoCalGas reserves the right to modify, or reject any reservation request, that in the sole judgment of SoCalGas contravenes the policies or purposes of the Multifamily Rebate Program.

2010-2012 Multifamily Energy Efficiency Rebate Program

Terms and Conditions (READ and SIGN below)

Check one: I am the Property Owner I am the Property Manager, as Authorized Agent for Property Owner

1. I understand that a) Applications are accepted on a first-come, first-served basis while funding is available, or until discontinued by the California Public Utilities Commission (CPUC), and must be postmarked within 45 days of the 2010-2012 program termination date to be considered eligible for a rebate, and b) qualified products must be purchased and installed between January 1, 2010 and December 31, 2012. I understand that these purchase and install periods will end earlier if funds are depleted, and this program shall at all times be subject to change or termination without prior notice. **ALL applications are processed on a first-come, first-served basis, upon receipt, until funds are depleted. INCOMPLETE and INCORRECT APPLICATIONS CANNOT BE PROCESSED. Resubmitted applications are processed on a first-come, first-served basis, upon the new receipt date.**
2. I am a Property Owner or Property Manager, as authorized agent for Property Owner, of a residential multifamily dwelling occupied by customers with an active meter(s) served by SoCalGas. I understand that I am only eligible to receive rebates for products that correspond directly to the type service (e.g., natural gas distribution) for which my residential Multifamily dwelling currently receives service from SoCalGas. Multifamily dwellings are defined as residential apartments, homeowners associations and/or mobile home parks with 2 or more units. The dwelling units must be fully constructed and occupied. **New construction does not qualify.**
3. I certify that the qualified energy efficiency products were purchased and installed between January 1, 2010 and December 31, 2012. These products are for use in my residential multifamily dwelling or common area.
4. I have submitted the required documents establishing proof-of-purchase for the products applied for in this Application which are paid itemized sales receipt(s), paid contractor invoice, or paid Home Improvement Contract (HIC), with manufacturer name(s), model number(s), square footage and any other required documentation.
5. I certify that all energy efficiency products were purchased new, and I understand that resale products, products leased, rebuilt, rented, received from insurance claims, won as a prize, or new parts installed in existing products do not qualify.
6. I understand rebates will only be paid for products that meet the program specifications described on the Rebate Products Forms and related Specifications sheets.
7. Rebates are generally considered subsidies for tax purposes and could be taxable. You are urged to consult your tax advisor concerning the taxability of these rebates. Rebates greater than \$600 will be reported to the IRS on Form 1099 unless you have checked corporation or exempt tax status on page 3 of this application form. SoCalGas is not responsible for any taxes that may be imposed on your business as a result of your receipt of this rebate.
8. I understand that the rebate amount cannot exceed my purchase price of the energy efficiency product, nor include tax or installation related costs, except for Product H, where the rebate amount cannot exceed the combination of purchase price and installation cost.
9. In the event that I choose to participate in the On-Bill Financing Program offered by Southern California Gas Company to obtain financing for the products listed in this rebate form, I understand that the terms and conditions of participation in the On-Bill Financing Program will control (including, without limitation, the calculation of the rebate amount for the products listed in this rebate form) if there is any conflict between the terms and conditions applicable to participation in this program and the On-Bill Financing Program.
10. I understand the qualified products may be self-installed, installed by a contractor, manufacturer, or an appliance dealer.
11. I understand and agree that the choice of the energy efficiency products, selection of contractor, manufacturer, or dealer, purchase of materials, work performed, and the payment thereof are my sole responsibility. I understand that SoCalGas makes no representations regarding products, contractors, manufacturers, dealers, materials or workmanship. I also understand that SoCalGas makes no warranty, whether expressed or implied, including warranty of merchantability or fitness for any particular purpose, use or application of the products or measures. I waive any and all claims against SoCalGas, its parent companies, its directors, officers, employees and authorized agents, and will indemnify SoCalGas for any claims arising out of or relating to the installation and/or use of the energy efficiency product(s) referred to in this Application. Without limiting the generality of the foregoing, none of the such parties shall be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary reliance, punitive or special damages, including damages for loss of use, regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind. **I agree that SoCalGas has no liability whatsoever concerning the quality, safety or installation of the energy efficiency products, including their fitness, workmanship, or any other matter.**
12. I am responsible for meeting all program requirements and complying with my state/county/city governments, property owner and/or homeowners' association requirements (if any) in my area regarding local conditions, restrictions, codes, ordinances, rules, and regulations pertaining to all installations. I further understand that it is my sole responsibility to ensure all rebated products are installed as per all manufacturers' specifications.
13. I agree to allow SoCalGas' representative and/or California Public Utilities Commission (CPUC) representative reasonable access to verify the installed products. I agree to this inspection to be eligible to participate in the program and receive a rebate for the qualified product. I understand this inspection is for the purpose of determining that the installed products meet all program(s) requirements.
14. I understand SoCalGas is not responsible for items lost or destroyed in transit.
15. I understand that I cannot receive energy efficiency rebates for the same product, or for the replacement of a product installed within the last 3 years, from more than one California Investor-Owned Utility (IOU) participating in this program or other third party programs offering rebates, financing and other incentives funded with CPUC Public Goods Charge funds.

I HAVE READ, UNDERSTAND AND AGREE TO THE ABOVE TERMS & CONDITIONS. I CERTIFY THAT THE INFORMATION I HAVE PROVIDED IS TRUE AND CORRECT AND THE PRODUCTS FOR WHICH I AM REQUESTING A REBATE MEET THE REQUIREMENTS LISTED ON THE REBATE PRODUCTS FORM AND SPECIFICATION SHEETS.

Date (Month/Day/Year)

Funding is limited. Please call to make sure rebate applications are still being accepted. Applications I have accepted on a first-come, first-served basis. Products must be purchased and installed between January 1, 2010 and December 31, 2012, however, please be aware these purchase and install periods will end earlier if funds are depleted. This program shall at all times be subject to change or termination without prior notice. This program is funded by California utility customers and administered by Southern California Gas Company under the auspices of the California Public Utilities Commission.

PRODUCT SPECIFICATIONS

The following products have special requirements.

All products must be new. Check with your state/county/city governments, property owners and/or homeowners' association for requirements (if any) regarding local conditions, restrictions, codes, ordinances, rules, and regulations. Verify the installation meets manufacturer's specifications. Materials must meet or exceed all applicable local, state and federal standards.

**OBTAIN LISTS OF ENERGY STAR LABELED PRODUCTS ON THE INTERNET AT
www.energystar.gov/products
 OR VISIT YOUR LOCAL RETAILER OR CONTACT YOUR CONTRACTOR.**

A. HIGH EFFICIENCY QUALIFIED DISHWASHERS (Inside Tenant Dwelling)	\$30.00 - \$50.00
--	--------------------------

LEVEL 1- Qualifying dishwashers must have an Energy Factor (EF) of 0.65 to 0.67. For a list of qualifying products, go to www.energystar.gov. Rebate is limited to one per individual residence (no common areas). **Must be installed with water heating source using natural gas distributed by SoCalGas. Make and model number must be included with a copy of your receipt.**

LEVEL 2- Qualifying dishwashers must have an Energy Factor (EF) of 0.68 or greater. For a list of qualifying products, go to www.energystar.gov. Rebate is limited to one per individual residence (no common areas). **Must be installed with water heating source using natural gas distributed by SoCalGas. Make and model number must be included with a copy of your receipt.**

B. ATTIC INSULATION	\$0.15 /sq. ft.
----------------------------	------------------------

Attic insulation is eligible for an incentive only if 1) the pre-retrofit insulation level is R-11 or less and 2) there is at least 24" clearance between top of ceiling joist and bottom of ridge board. In addition, the final insulation level must be at least R-30 unless a higher level is specified by local jurisdiction. Attic insulation is feasible only when the attic crawl space is adequate. At the highest peak, clearance between the bottom of the roof rafters and the top of the ceiling joists must be at least 24". Garages and other non-living areas do not qualify unless they are conditioned. If purchasing insulation, remember that your rebate is based on the amount of insulation actually installed.

C. WALL INSULATION	\$0.15 /sq. ft.
---------------------------	------------------------

Wall insulation is eligible for an incentive as long as existing walls are not insulated and are between conditioned living area and unconditioned area. The installed insulation must achieve a minimum of R-13. If purchasing insulation, remember that your rebate is based on the amount of insulation actually installed.

D. NATURAL GAS STORAGE WATER HEATERS	\$30.00
---	----------------

High efficiency gas water heaters must have an **Energy Factor (EF)** of 0.62 or greater. The water heater must be 30 gallons or greater. Look for the EF rating on the water heater specification sheet or on the packaging box; it does not always appear on the water heater label itself. Instantaneous and 'tankless' water heaters do not qualify for rebate. **Must be installed with water heating source using natural gas distributed by SoCalGas. Make and model number must be included with a copy of your receipt.**

E. ENERGY STAR® CENTRAL NATURAL GAS FURNACE 92% AFUE	\$200.00
---	-----------------

The central natural gas furnace must have a 92% **Annual Fuel Utilization Efficiency (AFUE)**. Your C-20 contractor will be able to assist you in choosing the qualified equipment. **Must have natural gas distributed to the installation address by Southern California Gas Company. Make, model number and AFUE must be included with a copy of your receipt.**

Definitions:

Modified Energy Factor – MEF: Measures energy consumption of the total laundry cycle (washing and drying). It indicates how many cubic feet of laundry can be washed and dried with one kWh of electricity: the higher the number, the greater the efficiency.

Water Factor – WF: Number of gallons needed for each cubic foot of laundry. A lower number indicates lower consumption and more efficient use of water.

Annual Fuel Utilization Efficiency (AFUE) – The ratio of annual output energy to annual input energy, which includes any non-heating-season pilot input loss and, for gas or oil fired furnaces or boilers, does not include electric energy.

Thermal Efficiency – 100 times useful energy output divided by input energy.

A Sempra Energy utility®

PRODUCT SPECIFICATIONS

The following products have special requirements.

All products must be new. Check with your state/county/city governments, property owners and/or homeowners' association for requirements (if any), regarding local conditions, restrictions, codes, ordinances, rules, and regulations. Verify the installation meets manufacturer's specifications. Materials must meet or exceed all applicable local, state and federal standards. A C-20 contractor of the customer's choice is recommended for installation of these products, unless otherwise directed by local code requirements.

OBTAIN LISTS OF ENERGY STAR LABELED PRODUCTS ON THE INTERNET AT www.energystar.gov/products OR VISIT YOUR LOCAL RETAILER OR CONTACT YOUR CONTRACTOR.

F. CENTRAL SYSTEM NATURAL GAS WATER HEATERS

\$500.00

Must have a rated or measured capacity of 80 gallons or greater, and a MINIMUM thermal efficiency of 82%, and must provide hot water to building complex of 2 or more units. Instantaneous and 'tankless' water heaters do not qualify for rebate. **Must have natural gas distributed to the installation address by Southern California Gas Company.** *Make, model number and thermal efficiency must be included with a copy of your receipt.*

G. NATURAL GAS WATER HEATER AND/OR BOILER CONTROLLERS

\$750.00 - \$1500.00

G1. Rebate applies to new installations on existing natural gas fired domestic hot water common systems serving multifamily dwelling units. Controllers may be non-digital graph model serving a multifamily building of 30 units or greater; or a digital graph model serving a multifamily building of 29 units or less and must be able to log the daily demand pattern of domestic hot water use and provide the ability to lower temperatures during low use periods; data logging capability of at least 7 days; and a by-pass switch for allowing service to boiler. **Must have natural gas distributed to the installation address by Southern California Gas Company.** *Make and model number must be included with a copy of your receipt.*

G2. Rebate applies to new installations on existing natural gas fired domestic hot water common systems serving multifamily dwelling units. Controllers must be digital graph model serving a multifamily building of 30 units or greater and must be able to log the daily demand pattern of domestic hot water use and provide the ability to lower temperatures during low use periods; data logging capability for at least 7 days; and a by-pass capability to allow service to boiler.

Must have natural gas distributed to the installation address by Southern California Gas Company. *Make and model number must be included with a copy of your receipt.*

H. CENTRAL SYSTEM NATURAL GAS BOILERS

\$1500.00

Boiler must not be used for industrial end-use. Boiler must replace existing gas equipment. Boiler for pool or spa does not qualify. Boiler may be used for Space and Water Heating, or Water Heating only.

Boiler < 300 Mbtuh installed at address (site) serving multifamily dwelling of more than 20 units will not qualify for a rebate. Must have natural gas distributed to the installation address by Southern California Gas Company. *Make, model number and efficiency rating must be included with a copy of your receipt.*

OPTION

Specification Description

Boiler with an Input Rating < 300 Mbtuh

Must have MINIMUM AFUE of 82%

Boiler with an Input Rating ≥ 300 Mbtuh

Must have a MINIMUM Thermal Efficiency of 84%

CONTRACTOR INFORMATION

You may wish to confirm your contractor's C-20 license status at the Contractors State License Board (CSLB) by calling the CSLB at 1-800-321-CSLB. To confirm your contractor's C-20 license status at the CSLB web site, go to www.cslb.ca.gov 1. Click on **license status check** icon. 2. Type in **six-digit license number** for verification. 3. Confirm **active status** of license under license status. Confirm contractor holds a **C-20** license under Classification heading.

2010-2012 MULTIFAMILY REBATE APPLICATION CHECK LIST

MULTIFAMILY ENERGY EFFICIENCY REBATE

Before mailing your completed application package, follow the check list below to ensure proper handling of your rebate request.

APPLICATION PAGES REQUIRED TO BE SUBMITTED:

- Page 3 - Application form; complete required information, sign, date and send original.
- Page 4 - Terms and Conditions; review, sign, date and send original.
- Page 5 - Apartment and Common Area Products form; complete pertinent information.
- Page 8 - Product Location form; complete pertinent information.
- Page 9 - If installing Boiler or Central Water Heater Control Products, include a copy of faxed reservation request, provided by SoCalGas. (Only required for Boiler/Central Water Heater Control Products).
- Include a copy of a recent SoCalGas bill: Name (customer of record), address and account number shown on bill must match name, site address and account number listed on the application form.
- Include a receipt / proof of purchase document that lists purchase date(s), manufacturer, make and model number for product. **BE SURE IT INDICATES 'PAID IN FULL'.**

PLEASE REMEMBER:

- Sign & date pages 3 and 4.
- Make copies of all submitted documents for your records.
- Allow 90 days for application to be processed.
- INCOMPLETE and INCORRECT APPLICATIONS CANNOT BE PROCESSED.** Resubmitted applications are processed on a first-come, first-served basis, upon the new receipt date.
- Questions? Call 1.888.431.2226 or email: EIC@semprautilities.com

Mail your application package to:
