San Diego Gas & Electric Company  
Southern California Gas Company  
*Year ended December 31, 2012***

## Report of Independent Accountants

**To the Board of Directors of  
San Diego Gas & Electric Company  
Southern California Gas Company  
San Diego, CA 92101**

We have performed the procedures enumerated below, which were agreed to by management of San Diego Gas & Electric Company (SDG&E) and Southern California Gas Company (SoCalGas) (collectively the "Companies"), solely to assist the management of the Companies in evaluating the Companies' executive compensation disclosures as required by subsections (a) and (c) of the California Public Utilities Commission's (CPUC) General Order No. 77-M (GO 77-M). The Companies are subsidiaries of Sempra Energy. Management is responsible for the Companies' compliance with those requirements during the year ended December 31, 2012. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed were not intended to address legal issues as to whether an item is required to be disclosed nor are they designed to address compensation disclosures required by GO 77-M that are not presented in the Companies' Executive Officers and Employees with a Base Salary of \$250,000 or More Per Annum and Executive Officers of the Utility's Holding Company Summary of Compensation Table, 2012 Options Exercised and Stock Vested Table, 2012 Change in Pension Value and Above-Market Interest Table, or 2012 All Other Compensation Table.

For purposes of performing these agreed-upon procedures, no exceptions were reported for differences of \$1,000 or less resulting solely from the rounding of amounts disclosed and data tested were agreed to reports generated by Sempra Energy.

The following procedures have been performed in relation to the Companies' Executive Officers and Employees with a Base Salary of \$250,000 or More Per Annum and Executive Officers of the Utility's Holding Company. No exceptions were found as a result of applying the procedures.

*1. Base Salaries*

The executive compensation programs of Southern California Gas Company, San Diego Gas & Electric and Sempra Energy emphasize performance-based annual bonuses and equity-based long term incentive awards. However, base salaries remain a necessary and standard part of compensation for attracting and retaining outstanding employees at all levels.

Base salaries for executive officers are targeted at the median of those for the Fortune 500 companies with revenues between \$5 billion and \$15 billion ("general industry peer group"). Using national general industry comparisons helps attract and retain top-quality executive talent from a broad range of backgrounds.

Base salaries for executive officers are reviewed annually and the following factors are considered:

- Approximate mid-range of general industry peer group salary data
- Individual contribution and performance

*2. Performance-Based Annual Bonuses*

Each year, performance guidelines are established for annual bonuses. Consistent with the pay-for-performance philosophy, the guidelines do not provide for any bonus payment unless the threshold (minimum) performance level is attained. Bonus opportunities increase for performance above the threshold level. Performance at target is intended to result in bonuses at the mid-point of those for executives with comparable levels of responsibility at general industry peer group companies.

Potential bonuses at threshold, target and maximum company performance are expressed as a percentage of each executive officer's base salary. The target bonus potentials and percentages are consistent with the leverage typically found in bonus plans within general industry. Bonus payouts at maximum are intended to approximate the 75<sup>th</sup> percentile of bonus payouts among peer companies. Extraordinary company or individual performance may result in the payment of bonuses above the guidelines.

For a detailed description of individual bonus opportunities, performance measures and 2012 results, please refer to pages 42-45 of the Sempra Energy proxy statement, pages 13-15 of the SoCalGas information statement, and pages 13-15 of the SDG&E information statement.

*3. Long Term Equity-Based Incentives*

Long term equity-based incentives are the largest single component of each executive officer's compensation package. In 2012, the long-term incentive plan award was in the form of performance-

based and time-based Sempra Energy restricted stock units. (Sempra Energy executive officers did not receive time-based restricted stock unit awards.)

This award structure was determined after considering many variables. These included alignment with shareholder interests, plan expense, share usage and market trends.

The estimated grant date fair values of awards to executive officers have generally been between the median and the 75<sup>th</sup> percentile of market data.

Performance-based restricted stock units:

Each performance-based restricted stock unit represents the right to receive between zero and 1.5 shares of Sempra Energy common stock based on the company's four-year cumulative total shareholder return compared to the S&P Utilities Index as shown below:

If Sempra Energy's performance ranks at the 50<sup>th</sup> percentile or higher compared to the S&P 500 index, participants will receive a minimum of 1.0 shares for each restricted stock unit. If performance exceeds the 50<sup>th</sup> percentile of the S&P 500 Utilities index

Four-Year Cumulative Total Shareholder Return Percentile Ranking	Number of Shares of Sempra Energy Common Stock Received For Each Restricted Stock Unit	
	Performance vs. S&P 500 Index*	Performance vs. S&P 500 Utilities Index
	75th Percentile or Above	Not used for upside potential
50th Percentile	1.0	1.0
35th Percentile or Below	Not used for downside potential	0.0

Sempra Energy's relative total shareholder return from 2009 to 2012 met the 82<sup>nd</sup> percentile of the S&P 500 Utilities Index. Because performance exceeded the 75<sup>th</sup> percentile of the S&P Utilities Index, the performance-based restricted stock units vested at the maximum level (1.5 shares of common stock for each restricted stock unit).

Time-based restricted stock units:

Time-based restricted stock units vest at the end of four years, subject to continued employment through the vesting date. The primary purpose of these awards is to promote retention.

**Benefit Plans**

Executive officers also participate in other benefit programs including: 1) Health, Life Insurance and Disability Plans; 2) Retirement Plans; 3) Savings and Deferred Compensation Plans; and 4) Other Benefit Programs.

*1. Health, Life Insurance and Disability Plans*

Executive officers participate in life, disability, medical and dental insurance group plans that are available to virtually all employees. These are common benefits essential to attracting a high-quality workforce.

In addition to the basic group plans, certain executive officers also participate in the following:

**Southern California Gas Company**  
**Narrative Statement Describing Compensation Elements**  
**For the Year Ended December 31, 2012**

- A Medical Insurance Plan providing up to \$20,000 (the annual aggregate maximum) in additional coverage for medically necessary care for the officer or covered dependents. This plan was closed to new participants in 2012.
- A Life Insurance Plan providing additional life insurance death benefits (two times base salary and bonus for active employees and one times base salary and bonus for retired employees). This plan was closed to new participants in 2012.
- A Long Term Disability Plan providing additional protection upon disability (60% of base salary and average bonus) and restoring benefits otherwise capped under the company's basic Long Term Disability Plan.

When executive officers retire, they continue to participate in the health insurance plans generally provided to virtually all employees.

### *2. Retirement Plans*

Executive officers participate in the Cash Balance and many participate in a Supplemental Executive Retirement Plan (SERP).

The Cash Balance Plan is a tax-qualified pension plan available to most employees. Executive officers who are not SERP participants also participate with numerous other employees in a Cash Balance Restoration Plan. This plan restores the benefits that would have been payable under the Cash Balance Plan but for Internal Revenue Code limitations on tax-qualified plans.

The Supplemental Executive Retirement Plan provides executive officers with retirement benefits based on the executive's final average pay, years of service, and age at retirement. SERP benefits are reduced by benefits payable under the broad-based Cash Balance Plan.

Each plan uses only base salary and annual incentive bonuses in calculating benefits. The value of long term incentive awards is not included.

Retirement, savings and deferred compensation plans, in general, and the SERP in particular, are important elements of an overall compensation package. This package is designed to recruit and retain executive talent, especially mid-career executives, and to retain longer term executive participants. Supplemental retirement plans, together with savings and deferred compensation plans, are common benefits within Fortune 500 companies.

### *3. Savings and Deferred Compensation Plans*

Executive officers, together with most other employees, also participate in a broad-based, tax-qualified 401(k) Savings Plan.

Employees may contribute a portion of their pay to the plan for investment on a tax-deferred basis. The companies match one-half of the first 6% of the employee's contributions. They also make an additional contribution of up to 1% of base pay if Sempra Energy meets or exceeds annual earnings targets. The Internal Revenue Code limits the amount of compensation eligible for deferral under tax-qualified plans.

Executive officers also may defer up to 85% of their base salary and bonus under a Deferred Compensation Plan. These deferrals may be directed into funds that mirror the investments available under the 401(k) Savings Plans, including a Sempra Energy phantom stock account, or into a fund providing interest at the greater of 110% of the Moody's Corporate Bond Yield or Moody's plus 1%. Deferred compensation plan participants receive company matching contributions that would have been provided under the 401(k) Savings Plan, but for maximum dollar limitations on amounts that may be deferred under tax-qualified plans.

**Southern California Gas Company**  
**Narrative Statement Describing Compensation Elements**  
**For the Year Ended December 31, 2012**

All employee contributions, matching company contributions, and investment earnings in both the 401(k) Savings Plan and the deferred compensation plan vest immediately.

*4. Other Executive Benefits Programs*

Other typical benefits are provided to executive officers. The level and types of these benefits are reviewed each year to ensure that they are reasonable and important in attracting and retaining executive talent. These benefits include financial planning services and excess personal liability insurance.

*5. Regular Employee Benefits*

The SEC's proxy rules, for the most part, do not require reporting of broad-based employee benefit plans such as those providing medical, dental, life or disability coverage. However, amounts related to broad-based pension benefits and the 401(k) savings plan are discussed in the Compensation Discussion and Analysis and reported in the executive compensation tables.

The companies' flexible benefits plan allows employees to select the types and levels of benefits that best meet their needs and those of their families. Benefit options include:

- Medical plans (choice of three HMO's, a point-of-service plan, and an indemnity plan)
- Dental plans (choice of Delta Dental plan and dental HMO)
- Long-term disability coverage
- Life insurance
- Accident insurance
- Healthcare, Dependent day care and Transportation flexible spending accounts
- Vacation buy and Vacation sell

Each benefit option has a price tag reflecting the employee's cost for coverage. The amounts shown in the Regular Benefits column of the All Other Compensation table in this report reflect the portion of the benefit costs paid by the companies.

In addition to the flexible benefit plan, the companies also provide short-term counseling and referral services under the employee assistance plans and various wellness programs.
