Advice No. 4023
(U 904 G)

Public Utilities Commission of the State of California

**Subject: Expedited Advice Letter Approval for Canadian Pipeline Capacity Contracts
[REDACTED] – Decision (D.) 04-09-022**

Southern California Gas Company (SoCalGas) respectfully requests California Public Utilities Commission (Commission) authorization [REDACTED] transportation capacity contracts: [REDACTED]

Purpose

The purpose of this expedited advice letter is to request approval by the Commission to [REDACTED] Canadian transportation capacity contracts described below.¹ These contracts are used to transport natural gas supplies from Canada on behalf of SoCalGas' core gas customers.

Background

D.04-09-022 was issued, in part, to address the Phase I proposal of SoCalGas, filed in compliance with R.04-01-025, on new capacity contracting procedures that allowed for the utility to acquire core capacity in a more efficient and cost effective manner. The Commission approved procedures for capacity contract approval that rely on consultation between SoCalGas, Division of Ratepayer Advocates (DRA), The Utility Reform Network (TURN), and the Energy Division for all commitments for interstate capacity.

Under the interstate capacity acquisition procedure approved in D.04-09-022, contracts for interstate capacity supported by DRA and TURN may be submitted for approval to the

¹ Other applicable terms and conditions are contained within pipeline tariffs and are available directly from the pipelines.

REDACTED

Commission by an Expedited Advice Letter. DRA and TURN have authorized SoCalGas to state that they support this one-year renewal request for four existing Canadian transportation contracts.

Description of Contracts

SoCalGas purchases natural gas from Canada's Western Canadian production basin. These capacity contract renewals are being made to assure that the Canadian pipeline path is maintained for deliveries of gas from the Western Canadian production basin to the Kingsgate, British Columbia, Canada, receipt point of the Gas Transmission Northwest Corporation (GTN) pipeline system.

[REDACTED]

[REDACTED]

SoCalGas is required to provide notice [REDACTED] by October 31, 2009.

The table below describes contract information that SoCalGas seeks Commission approval to [REDACTED]:

- (1) Rates are estimates based on current or filed reservation rates, excluding variable and fuel charges.
- (2) Estimated annual costs in US dollars. Rates and costs expressed in US dollars for NOVA and Foothills may vary depending on future currency exchange rates.

SoCalGas requests the Commission to approve the one-year continuation of the above contracts by approving this Expedited Advice Letter as promptly as possible.
