

Schedule No. G-AC

Sheet 1

CORE AIR CONDITIONING SERVICE
 FOR COMMERCIAL AND INDUSTRIAL

APPLICABILITY

Applicable to natural gas core service for qualifying gas cooling uses, as defined in Rule No. 1, at each Facility classified in Rule No. 23 as Priority 1 and 2A or receiving service under Schedule No. GN-10 or Schedule No. GN-10L supplied from the Utility's core portfolio, as defined in Rule No. 1. In addition, this schedule is applicable to all qualifying core Priority 1 and 2A uses at each Facility served in combination with noncore service.

Qualifying usage under this schedule is any gas used by small or large nonresidential core customers, or the core gas-cooling load of noncore customers, to fuel high-efficiency gas cooling absorption chillers with two- or three-stage generators, designed and built by the original equipment manufacturers, and rated as double-effect or triple-effect units. The cooling output of the absorption chillers must equal at least 90% of the Btu input at the higher heating value of gas. Qualifying usage under this schedule also includes gas used by small or large non-residential core customers, or the core gas-cooling load of noncore customers, to fuel high-efficiency gas engine-driven chillers.

Eligibility for service under the G-ACL rate is limited to Non-Profit Group Living Facilities that meet the income requirements for California Alternate Rates for Energy as defined in Rule No. 1 and Special Condition 14.

TERRITORY

Applicable throughout the service territory.

RATES

Customer Charge

Per Month..... \$150.00

If the applicable customer charge is collected under Schedule No. GT-AC, no duplicative charge is collected hereunder.

SPECIAL CONDITIONS

General

1. Definitions of the principal terms used in this schedule are contained in Rule No. 1.
2. Customer may receive service under this schedule (a) separately, or in (b) combination with another rate schedule(s) through additional meter installations. Where service is rendered under (b), a separate monthly customer charge shall be applicable for service under each schedule unless otherwise stated, and usage shall be the sum of all meters for billing purposes and priority classification under Rule No. 23.
3. In the event of curtailment, customers under this schedule will be curtailed in accordance with Rule No. 23, Continuity of Service and Interruption of Delivery.
4. As a condition precedent to service under this schedule, an executed Master Services Contract (Form No. 6597) and Addendum I, Gas Air Conditioning Services (Form No. 6597-9) is required. All contracts, rates, and conditions are subject to revision and modification as a result of Commission order.
5. Except as otherwise provided for herein, the contract terms for service under this schedule shall be for a minimum of 30 days. After the initial 30-day term, the contract will continue on a month-to-month basis until terminated by either party upon 15-day written notice.
6. The Utility at its option may use either of the following means to accurately measure gas usage for nonresidential core cooling (a) install a separate metering facility, or (b) use a subtracting meter. Such meters will be installed at the customer's expense. Where service is rendered under (a), the customer's usage will be the sum of all meters.
7. In the event customers make any material change, in either the amount or character of their gas air conditioning appliances or equipment, written notice to the Utility must be made within 30 days.
8. Customers receiving service under this rate schedule may elect transportation service under Schedule No. GT-10, Schedule No. GT-10L, or Schedule No. GT-AC.
9. Unless otherwise specified herein, the minimum term for service hereunder is one month, except when a customer has ended service under the Core Aggregation Transportation program and elects to return to Utility procurement service, in which event the minimum term is one year, and then month-to-month thereafter, unless the customer executes an authorization form with another aggregator within the 90-day interim period pursuant to Rule No. 32, Section A.3.a.(12).

SPECIAL CONDITIONS (Continued)

General (Continued)

- 10. The Utility will file core procurement rate changes on the last business day of each month to become effective on the first calendar day of the following month, except the Cross-Over Rate, which will be filed on or before the 9th calendar day of each month to be effective on the 10th calendar day of each month.

Large Commercial and Industrial

- 11. As a condition precedent to service under this schedule, an executed Master Services Contract (Form No. 6597) and Schedule A, Intrastate Transmission Service (Form No. 6597-1) is required. All contracts, rates, and conditions are subject to revision and modification as a result of Commission order.
- 12. If the customer splits its gas requirements between service under this schedule and noncore service under Schedule Nos. GT-F, and/or GT-I, the customer shall be required to specify a fixed monthly quantity for service hereunder by month for the term of the customer's contract. The monthly contract quantity breakdown may be established on the basis of seasonal variations in the customer's usage in accordance with the customer's historic usage pattern. The Utility reserves the right to accept or reject such requested quantities after considering the customer's historic usage pattern and other evidence provided by the customer regarding operational changes affecting the customer's consumption. Notwithstanding that monthly quantities are fixed for the term of the contract, the customer may request increases to the monthly quantities subject to approval by the utility. In the event an increase is approved, the incremental monthly quantity shall be subject to the Cross-Over Rate and the entire core quantity shall become subject to a new five (5) year term.
- 13. In the event customers make any material change, in either the amount or character of their gas appliances or equipment, written notice to the Utility must be made in accordance with Rule No. 29, Change of Customer's Apparatus or Equipment.
- 14. Current noncore customers with usage that qualifies for service herein who transfer that usage to this schedule shall be required to pay the Cross-Over Rate, as set forth in Schedule No. G-CP, for 12-months, except noncore customers who have been disqualified from noncore service and are required to return to core service. Furthermore, noncore eligible customers who transfer from noncore service to this schedule shall be required to make a 5-year commitment to core procurement service and are required to execute a Master Services Contract (Form No. 6597) and Schedule A, Intrastate Transmission Service (Form No. 6597-1). Upon expiration of their five (5) year commitment, the customer shall be on a month to month term thereafter. Core transportation customers on a 5-year commitment pursuant to D.02-08-065 may transfer qualifying load to this schedule but are subject to the Cross-Over Rate for 12-months and must complete their 5-year commitment on this schedule.

CARE (Continued)

15. (Continued)

Income Eligibility Requirements for Residents: The total annual household income from all sources (taxable and non-taxable) shall not be more than \$30,500 for each resident of the facility, and the resident shall not be claimed on another person's income tax return.

The owner or authorized representative of the facility shall notify the Utility within 30 days following any change that may impact the facility's eligibility for the discount.

Self-Certification and Self-Recertification Requirements: Non-profit group living facilities must provide proof of the appropriate state license to care for residents who, either temporarily or permanently, cannot function normally outside of the group-home environment and certification from the appropriate state agency showing what services, besides lodging, are provided, or any other proof satisfactory to the Utility. Primary facilities must meet the licensing and certification requirements, but not their separately metered affiliated facilities.

Homeless shelters must provide verification that at least six (6) beds each day or night are provided a minimum of 180 days each year for persons who have no alternate residence, and must provide proof of a valid municipal or county conditional-use permit or any other proof satisfactory to the Utility. Non-profit group living facilities are not required to be licensed or certified.

Self-Recertification Requirements: Facilities will be required to recertify on an annual basis. At the time of each annual certification, the Utility shall require the facility, including homeless shelters, to certify how it intends to pass on the rate discount.

Random Post-Enrollment Verification: The self-certification and self-recertification applications for CARE benefits, and certification of the flow-through of the rate discount, shall be made under penalty of perjury under the laws of the State of California by the same individual who is responsible for the annual renewal of the facility's license from the appropriate state agency, when applicable. The accuracy of the self-certification or self-recertification applications may be subject to random post-enrollment verification by the Utility.
