RESOLUTION NO. \_\_\_\_\_

**SOUTHERN CALIFORNIA GAS COMPANY**  
**CONTRACT FOR STUB SERVICE INSTALLATION**

THIS AGREEMENT, entered into this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_ by and between SOUTHERN CALIFORNIA GAS COMPANY, a corporation, hereinafter called the "Company", and the party or parties signing this contract, hereinafter called the "Applicant."

WITNESSETH:

The Applicant has requested the Company to install \_\_\_\_\_ services from the main to the property line, hereinafter called "Stub Services", to serve various lots numbered \_\_\_\_\_ through \_\_\_\_\_ in Tract \_\_\_\_\_, California.

The Company will install the requested stub services provided that the Applicant advances to the Company, prior to the installation, \$ \_\_\_\_\_ for each stub service; however, if the Applicant furnishes evidence satisfactory to the Company that he will construct residential and/or non-residential units on all or a portion of the lots to be supplied with stub services, and have one or more gas appliances installed in each of the units within one year from the date the stub services are ready to render service, the Company will postpone, for said one year period, the advance required for the stub services so affected. At the end of such one year period the Applicant will make the above-mentioned advance for each stub service which has not been extended and for which the advance has been postponed. All extensions of stub services will be made under the provisions of Rule 21 filed with the California Public Utilities Commission.

The Applicant agrees to complete the construction of \_\_\_\_\_ units on \_\_\_\_\_ of the above described lots and have one or more gas appliances installed in each of the units within one year from the date the stub services are ready to render service. In consideration of Applicant's agreement, the Company will postpone the amount recorded on Line 2 below for the stub services installed to supply such completed units.

The calculation of the total advance required, the amount postponed and the amount that is payable herewith is as follows:

|                                  |          |                                   |
|----------------------------------|----------|-----------------------------------|
| 1 . . . . Total Advance Required | \$ _____ | ( _____ Stub Services @ \$ _____) |
| 2 . . . . Amount Postponed       | \$ _____ | ( _____ Stub Services @ \$ _____) |
| 3 . . . . Amount Now Payable     | \$ _____ |                                   |

The amount advanced for a stub service will be refunded within ninety days from the date the stub service is extended; if, however, within ten years from the date the stub service was ready to render service the depositor has not become entitled to receive said refund, then, at the end of said ten year period the deposit shall be forfeited and shall be and remain the property of the Company. Refunds will be made without interest, and no refund will be made in excess of the amount advanced.

This contract shall at all times be subject to such changes or modifications by the Public Utilities Commission of California as said Commission may, from time to time, direct in the exercise of its jurisdiction.

Neither this contract nor any part of it, nor any refunds due to become payable under it, shall be assigned without written consent of the Company and, in the absence of such consent, no assignment will be recognized by the Company.

All terms and stipulations agreed to by the parties in relation to the described stub services are contained in this contract. No agent of the Company has authority to make any terms or representations not contained in this contract, and the Applicant hereby waives any such terms or representations and agrees that the Company shall not be bound by them.

Southern California Gas Company acknowledges receipt of the Amount Now Payable, as recorded on Line 3 above, with this contract and agrees to install the number of stub services specified in this contract.
