

2017 COMMUNITY GIVING SUMMARY

CEO MESSAGE

Every day, we provide natural gas service to an area that encompasses 20,000 square miles and more than 500 diverse communities. Throughout our 150-year history, we've known there is no shortage of challenges facing our region and have dedicated ourselves to improving the quality of life in the communities we serve.

We want to make a difference because we strongly believe all of us are better off when neighborhoods, businesses and residents thrive. To maximize our impact, we focus our support in activities that protect and preserve the environment; promote STEM education to underserved communities; encourage emergency preparedness, response and safety; provide supportive services and housing for the homeless and veterans; and provide economic, community and business development.

In 2017, we gave \$6.1 million to organizations in these focus areas. During the year, we donated more than \$150,000 to assist victims of four wildfires that destroyed homes and property; awarded 119 scholarships to graduating high school seniors and community college graduates throughout our service area; supported organizations that provide meals, services and beds to homeless families, and awarded more than \$500,000 to 42 organizations across the service territory to fund projects in the areas of clean air, clean energy and clean water.

Our employees also care deeply about the health and livelihood of our communities. Fifty percent of our employees contributed a one-time or recurring donation to a 501(c)(3) nonprofit organization through payroll deduction, which resulted in \$823,446 to numerous worthy causes. In addition, employees volunteered more than 12,000 hours, as reported through the Volunteer Incentive Program.

I'm proud to say our employees are passionate about helping the homeless through United Way of Greater Los Angeles' HomeWalk. For the fifth straight year, Team SoCalGas was the largest corporate team at HomeWalk -- with nearly 1,000 employees, friends and family members -- and raised more than \$109,000 to help increase awareness and end homelessness in Los Angeles County. And, that's just one example of the many causes our employees support.

Individually and collectively, all of us at SoCalGas® are committed to doing what we can to help others. While there will always be challenges facing our neighborhoods and communities, as our past history shows, we will maintain a strong presence in the years to come.

A handwritten signature in black ink that reads "Patti Wagner". The signature is fluid and cursive, with a long, sweeping underline.
