A CPUC Administrative Law Judge assigned to this proceeding will be present to listen to, and a CPUC court reporter will record, all public comments. CPUC Commissioners may be present; however, this will not constitute a quorum for any formal voting.

The facility locations are wheelchair-accessible. If you need sign or language interpreters, please contact the Public Advisor's Office at the numbers listed below at least five working days in advance of the meeting dates. Customer service representatives from SoCalGas will be present at the hearings to assist with individual customer billing and service concerns.

## **INFORMATION ABOUT THIS APPLICATION**

On September 16, 2013, Southern California Gas Company filed Application No. A.13-09-010 with the CPUC for approval to close six underutilized and cost-ineffective branch offices located in Bellflower, Monrovia, Palm Springs, San Luis Obispo, Santa Barbara and Santa Monica. SoCalGas filed this application to close these branch offices because of the significant decline of customer transactions. Advancements in technology have changed many customers' preferred payment options.

The Scoping Memorandum issued on March 7, 2013 provides that the Commission will determine whether SoCalGas' request to close six of its current 47 branch offices and proposed branch office optimization process is in the best interest of the majority of SoCalGas' customers.

You can obtain more information about this application from SoCalGas by writing to Elizabeth Baires, 555 West Fifth Street, Los Angeles, CA 90013.

Copies of this notice will be available for viewing and printing on the SoCalGas website: [www.socalgas.com/regulatory](http://www.socalgas.com/regulatory).

If you would like more information on how to participate at the public hearing, or if you are unable to attend and would like to submit informal comments about the application, please contact:
