SOCALGAS RESPONSE
DATE RECEIVED: MARCH 22, 2011
DATE RESPONDED: APRIL 1, 2011**

Exhibit Reference: SCG-27 Depreciation

Subject: Depreciation

Please provide the following:

1. For the years 2005 through 2009 please provide a table showing the embedded net salvage revenues that SCG has collected through net salvage rates and the recorded net salvage costs (on a pay-as you go basis). Please provide this information on a summary level and account basis for each year.

SoCalGas Response:

By using and updating the response to DRA-SCG-004-MRK, additional columns were added to each year's file to capture the 2005 thru 2009 data requested. Two new columns (Recorded Total Salvage Costs & Recorded Pay-as-u-go Costs) pull the data from the SAP files included within that original response.
