2. With reference to the \$ 28.1 million in Federal Smart Grid Matching Grants (Greentech Media articles October 27, 2009, 3.4B Smart Grid Grant Winners), please explain in detail how it is/will be accounted for, and when the grant reimbursement will be received and recorded. Please also provide the list of cost centers that are involved with these grants. Are these grant funds included in the fund requested in the testimony and work papers?

SoCalGas Response 02:

The referenced article pertains to SDG&E only. Please see SDG&E's response to DRA-SDG&E-064, Question 2.

DATE RESPONDED: APRIL 13 2011

3. Please provide a list of year-end total estimated dollar value balance of uninstalled Electric Meter inventory for the years 2010, 2011, and 2012.

Example:	250,000 for 2010
(,000)	370,000 for 2011
	440,000 for 2012

SoCalGas Response 03:

This question was assumed to apply to gas meters. For preparing the GRC meter forecast, we did not forecast uninstalled meter inventory. Please see Exhibit SCG-02, the testimony of witness Gina Orozco-Mejia, pages GOM-79 to GOM-80 for a description of the meter forecast methodology for Budget Code 163, Purchase of Meters.
