QUESTION 13.2:

13.2 If the answer to the previous question is “no,” did SoCalGas/SDG&E allocate SRMA costs for the months of November 2012 through March 2013 to core customers?

13.2.1 Please provide the amount of the SRMA costs for each of those months that were allocated to core customers.

13.2.2 Please provide the amount of the SRMA costs for each of those months that were allocated to noncore customers.

RESPONSE 13.2:

13.2 No. SoCalGas has not amortized in rates the SRMA costs for the months of November 2012 through March 2013 to core and noncore customers. SoCalGas requires Commission approval of SRMA costs prior to recovery in rates. On October 1, 2013, SoCalGas filed Advice No. (AL) 4547 for its 2013 Annual Compliance Report on Utility System Operator’s Southern System Reliability Purchases and Sales covering the period of September 1, 2012 through August 31, 2013. The Commission approved AL 4547 on March 17, 2014; therefore, SoCalGas will include these costs in its Annual Regulatory Account Balance Update for Rates AL filing to be effective January 1, 2015.
