**QUESTION 1.4**

Please provide a copy of each Excel workbook that was relied upon in preparing the application, the direct testimony, supplemental testimony, or rebuttal testimony in this proceeding. These Excel workbooks should be complete with all data, formulas, and links to other workbooks intact.

**RESPONSE 1.4**

Please see the attachments included with the response. A brief explanation of the supporting data is provided below:

- The files enclosed in the zip folder labeled “Daily Operations – Envoy Data.zip” support the daily average variations presented on page 7, lines 5-8, of the Rebuttal Testimony of Tuan Nguyen.
- The file labeled “Production and Curtailment Data.081317.xlsx” supports the percentage of total load delivered by CAISO as of August 13, 2017 as presented on page 8, line 10, of the Rebuttal Testimony of Tuan Nguyen.
- The files enclosed in the zip folder labeled “EIA Data.zip” support the natural gas grid generation efficiency value of 40% as presented in Chapter I, the Prepared Direct Testimony of Rasha Prince, footnote 7; Supplemental Testimony of Tuan Nguyen, page 5, line 7; and further referenced in the Rebuttal Testimony of Tuan Nguyen at page 2, line 6, and footnote 38 on page 10.
