Exhibit Reference: SCG-12-WP, Chapter 12 Workpapers

SCG Witness: Andrew Steinberg

Subject: Aliso Canyon Exclude/Remove Costs

Please provide the following:

1. Referring to SCG's workpapers Ex. SCG-12-WP, page 14, line 3, the removed Aliso Canyon expenses for years 2015 and 2016 do not match the numbers on page 16 of SCG-10-WP-R, the revised workpapers for SCG-10-R. Please reconcile.

SoCalGas Response 1: Please see attached revised workpapers to SCG-12-WP. Revisions were made to the following tables to be consistent with the revisions made to SCG-10-R.

- Workpaper Table AS-7
- Workpaper Table AS-30
- Workpaper Table AS-31
- Workpaper Table AS-37

Please note that SoCalGas did not update Exhibit SCG-12-WP at the time of revision of Exhibit SCG-10-R because the changes do not impact the results of Exhibit SCG-12. Rather, the changes reflect a movement of cost removal adjustments by the Underground Storage witness between the two impacted Underground Storage workpaper groupings (with a resulting net zero change in the total amount of Aliso cost removal for Underground Storage).
