

**ORA DATA REQUEST  
ORA-SCG-115-TXB  
SOCALGAS 2019 GRC – A.17-10-008  
SOCALGAS RESPONSE  
DATE RECEIVED: JANUARY 31, 2018  
DATE RESPONDED: FEBRUARY 13, 2018**

**Exhibit Reference:** SCG-03-R/SDG&E-03-R

**SCG Witness:** Snyder & Clark

**Subject:** Fueling Our Future (FOF), 2017 recorded

**Please provide the following:**

1. Referring to Ex. SCG-03-R/SDG&E-03-R, p. HDS/RC-8, Table HS/RC-1, please provide 2017 recorded SCG Fueling Our Future (FOF) impacts in the same format as the table.

**SoCalGas Response 1:**

As described in section III. H. of the Fueling Our Future (FOF) Policy testimony, FOF is a work-in-progress initiative and it is possible that some of the approved FOF ideas do not move forward to implementation. Regardless, the overall FOF savings are committed in SDG&E and SCG GRC filings whether or not the savings are realized.

The Sempra Utilities' accounting system only records costs that are incurred. FOF savings are costs that were not incurred and therefore not recorded. For this reason, actual recorded 2017 FOF savings cannot be provided because the information does not exist.
