- b. During the course of research conducted in responding to this data request, SoCalGas identified that Workpaper group M332, which has a 2016 recorded cost of \$1,038, was inadvertently mapped to “Compressor Stations” rather than to the “Pipeline Replacement” category in Table JGT-6 of Exhibit SCG-07. The corrected 2016 Adjusted-Recorded costs in Table JGT-6 are shown below. A formal correction to this table will be made at the next opportunity.
