SDG&E-SOCALGAS 2019 GRC – A.17-10-007/8
SDG&E_SOCALGAS RESPONSE
DATE RECEIVED: JUNE 28, 2018
DATE RESPONDED: JULY 3, 2018

SDG&E-230 (Human Resources Department, etc., including EEI Dues)

1. At the time SDG&E prepared its direct testimony regarding Edison Electric Institute dues (SDG&E-30, p. 28), was anyone involved in the preparation or review process for that testimony aware of the treatment of EEI dues as set forth in the Commission decisions cited in TURN-03, p. 74? If the response is anything other than an unqualified negative, please explain why SDG&E did not address that previous treatment in its testimony.

Utility Response 1:

SDG&E was not aware of EEI dues treatment in the Commission decisions cited in TURN-03, p. 74.

2. Please describe in detail the efforts SDG&E made to obtain information from EEI or any other source regarding the portion of the utility's dues that would be spent on the following categories of activities: legislative advocacy, regulatory advocacy, public relations, advertising, donations, and club dues. Please specifically include efforts made prior to serving the utility's direct testimony in SDG&E-30, efforts made during the preparation of the response to TURN's data request 19-07 (Appendix C to SDG&E-230), and efforts made prior to serving the utility's rebuttal testimony in SDG&E-230

Utility Response 2:

Using SAP, SDG&E researched all EEI invoices received and dues paid in years 2012-2018. As both a line item and footnote, EEI invoices indicate a dollar amount and percentage of dues that are attributed to influencing legislation. SDG&E reduced its GRC request based on this information because it is taken directly from invoices received from EEI and specific to SDG&E.

3. The “Testimony Revision Log” included in SDG&E-230 describes modification to Table TT-8 of SDG&E-30. Please provide a red-lined version of Table TT-8 of SDG&E-30 that reflects the revision described in this log and makes clear which of the three items listed in that table is the subject of this revision.

Utility Response 3:
