

Energy Efficiency Procurement Review Group Questionnaire

1. Please identify and describe the organization that would participate in the Energy Efficiency Procurement Review Group (EEPRG). The organization you represent must be a non-market participant who does not have a financial interest in the outcome of any energy efficiency solicitation.¹
2. Please identify all individuals that will represent the organization and their relationship to the organization.

Please describe the organization's experience and representatives of the organization's experience with electric and natural gas energy efficiency activities in California and in other states.

3. Please describe the organization's experience and representatives of the organization's experience with any of the following market sectors: Residential, Commercial, Industrial, Agriculture, Public, and/or Cross-Cutting.²
4. With respect to Requests for Abstracts ("RFAs") and Requests for Proposals ("RFPs") involving energy efficiency, describe the organization's familiarity and experience and the representatives of the organization's familiarity and experience with reviewing and evaluating the program design, implementation, and contractor selection process.
5. As an EEPRG member, the organization and members acting as a representative of the organization will be expected to be involved in all stages of the solicitation process. Please affirm the representatives of the organization's availability to meet the requirements described in the "EEPRG Charter" form attached to this packet.
6. Does the organization or representatives of the organization have any contractual, financial, or work-related relationship with any third-party contractor that is currently implementing or will potentially implement energy efficiency programs in the future? If so, please explain.

¹ Pursuant to CPUC Decision (D.) 05-01-055 a financially interested party is "any person who engages in the purchase, sale or be [sic] marketing of energy efficiency products or services, or who is employed by a private, municipal, state or federal entity that engages in the purchase, sale or marketing of energy efficiency products or services, or who provides consulting services regarding the purchase, sale or marketing of energy efficiency products or services, or an employee of a trade association comprised of entities that engage in the purchase, sale or marketing or (sic) energy efficiency products or services."

² Cross-cutting sectors consist of Emerging Technologies, Codes & Standards, and Workforce Education & Training.

7. Please indicate which of the following EEPRGs you intend to participate in (select all that apply):
