PAYMENT RELEASE AUTHORIZATION (signature required)

Please read section below if rebate is being sent to someone other than the customer of record.

PROPERTY OWNER OR PROPERTY MANAGER, AS AUTHORIZED AGENT FOR PROPERTY OWNER: your authorization is required if the rebate check is to be made payable to another individual or entity. Please sign below. I am authorizing this payment of my rebate to the third party ("Payee") named above and I understand that I will not be receiving a rebate check from SoCalGas or Metropolitan. I also understand that my release of the payment to the Payee does not exempt me from the rebate requirements outlined in this application. If Payee is a business, federal tax ID or Social Security Number must be provided. Southern California Gas Company will report this payment made to the third party on IRS form 1099 as "Other Income" to you (the customer receiving the benefit of the rebate payment) unless the payment is less than \$600, or you have identified yourself as a corporation or exempt. You are urged to consult your tax advisor concerning the tax requirements of rebates. Southern California Gas Company or Metropolitan Water District nor its member agencies are not responsible for any taxes that may be imposed on you as a result of this rebate.

TERMS AND CONDITIONS

Original or digital signature required.

1. To be eligible for a rebate, I understand that: (a) I must be an owner, manager, or representative of a multifamily housing site with an active meter serviced by SoCalGas or retail water provider in Metropolitan's service area for the installation address and, (b) the product(s) I have installed must qualify as described on the specification sheet incorporated herein by this reference and be designed to reduce my consumption of the energy distributed to me by SoCalGas at the installation address. I understand I must complete a separate sheet to indicate each installation at the same property for which I am requesting a rebate. All uses herein of the words "install", "installation" or similar phrases shall mean complete installation such that the subject products are fully functional.
2. I understand the rebate offer is limited to multifamily residential customers for residential common-area use. The energy-efficient product(s) must be installed in a residential dwelling common-area within SoCalGas' or Metropolitan's service area. The dwelling unit must be fully constructed and occupied. New construction does not qualify.
3. I understand the program term is January 1, 2021 through December 31, 2021 and may end sooner if allocated funds are depleted. Product purchases and installations made prior to January 1, 2021 or after December 31, 2021 do not qualify for a rebate. Resale products, rebuilt, received from warranty or insurance claims, won as a prize, or new parts installed in existing products do not qualify. Funds are limited. ALL applications are processed on a first-come, first-served basis, upon receipt, until funds are depleted. INCOMPLETE and INCORRECT APPLICATIONS CANNOT BE PROCESSED. Resubmitted applications are processed on a first-come, first-served basis upon the new receipt date. The program may be modified or terminated without prior notice. In the event rebate amounts change during the program period, the order/purchase data and/or application postmark date will be used to determine product eligibility and rebate amount.
4. I understand that a signed and dated rebate application form, completed product form incorporated herein by this reference, all appropriate proof(s) of purchase, and other required documentation as referenced in this application package must be sent to SoCalGas' Processing Center postmarked by December 31, 2021 to be considered eligible for payment of a rebate. A rebate check for qualifying product(s) is generally mailed six to eight weeks after SoCalGas receives and approves a completed application, including all required documentation, unless an application is selected for a verification, which may add additional time.
5. I will allow, if requested, SoCalGas' and/or California Public Utilities Commission (CPUC) and/or Metropolitan's representative reasonable access to the installation location(s) to verify the installed product I have purchased before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. I understand that SoCalGas may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
6. I have installed qualifying product(s) and understand the energy-efficiency level of the qualifying product(s) (as defined on page 1) determines the rebate amount. The rebate amount cannot exceed the purchase price. I understand that I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third-party energy-efficiency program offering rebates, financing or other incentives funded with CPUC Public Purpose Surcharge funds. Products receiving a SoCalGas or Metropolitan rebate at the point-of-sale, as an instant markdown, through a Regional Energy Network or SoCal Water\$mart, or through a manufacturer/distributor, do not qualify for a mail-in or online rebate.
7. I agree that the selection of qualifying product(s), selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying product(s) referenced in this application package are my sole responsibility and that my manufacturer, dealer, supplier or installer of these products and measures is not an agent or representative of SoCalGas or Metropolitan. I understand that both SoCalGas and Metropolitan make no representations regarding manufacturers, dealers, contractors, materials, or workmanship. I ALSO UNDERSTAND THAT SOCALGAS AND METROPOLITAN MAKE NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE, OR APPLICATION OF THE PRODUCTS OR MEASURES. I agree that both SoCalGas and Metropolitan have no liability whatsoever concerning (1) the quality, safety and/or installation of the products or measures, including their fitness for any purpose, (2) the estimated energy savings of the products or measures, (3) the workmanship of any third parties, (4) the installation of use of the products or measures including, but not limited to, effects on indoor pollutants, or (5) any other matter with respect to the 2021 Multifamily Vended Washer Rebate Program. I waive any and all claims against SoCalGas and Metropolitan, member and retail water providers in Metropolitan's service area, SoCalGas' parent company, affiliate companies, directors, officers, employees, or agents, arising out of activities conducted by or on behalf of SoCalGas and Metropolitan in connection with my application for any rebate(s) under the 2021 Multifamily Vended Washer Rebate Program. Without limiting the generality of the foregoing, none of such parties shall be liable hereunder for any type of damages, whether direct, indirect, incidental, consequential, exemplary, reliance, punitive, or special damages, including damages for loss of use, regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
8. I am responsible for meeting all program requirements and complying with my state/county/city governments, property owner and/or homeowner's association requirements (if any) in my area regarding local conditions, restrictions, codes, ordinances, rules and regulations covering this installation.
9. If a tenant representing the owner or manager, I am responsible for obtaining the property owner's permission to install the measure for which I am applying for a rebate. My signature on this application indicates I have obtained this permission.
10. I understand that SoCalGas and Metropolitan are not responsible for items lost or destroyed in the mail/transit.
11. SoCalGas may conduct a virtual inspection using video calling applications to verify the energy efficiency products installation prior to rebate payment.
12. You may not receive an energy efficiency incentive for the same product or the replacement of a product from more than one California Investor-Owned Utility (IOU) participating in this program or other third-party programs offering rebates, financing and other incentives, funded by the California Public Utilities Commission (CPUC). Also, a customer cannot receive an incentive for any product for which they received an incentive from SoCalGas in the prior five years.

TERMS AND CONDITIONS (Continued)

I am a Property Owner or Property Manager (as an authorized agent for Property Owner), of a residential multifamily dwelling occupied by customers with a valid meter(s) served by SoCalGas and/or Metropolitan. Multifamily dwellings are defined as residential apartments, homeowners associations and/or mobile home parks with five or more units. (Multifamily defined as Apartment Buildings/Complexes, Condo/Townhouse Complexes, Mobile Home Parks, Student Housing (Metropolitan Only).) The dwelling units must be fully constructed and occupied. New construction does not qualify.
14. I have submitted the required documents establishing proof-of-purchase for the products applied for in this Application which are paid in full itemized sales receipt(s), paid contractor invoice or paid Home Improvement Contract (HIC), or documentation with terms of lease showing vendor name and information, manufacturer name(s), model number(s), serial number(s), and any other required documentation.

SoCalGas and Metropolitan are not responsible for any taxes that may be imposed on your business as a result of your receipt of this rebate.
