Updates to the Business Rebate Program Effective April 2022

Tankless Water Heaters

If a commercial tankless water heater supplies a hot water circulation loop, an intermediary hot water storage tank must also be attached to the loop to qualify for a rebate.

All rebate submissions with this measure must now include answers to the two following questions, whether the rebate is applied at point-of-sale by select distributors (midstream) or distributed after installation (downstream):

1. Is there a recirculating loop associated with this tankless water heater?
2. If yes, is there a hot water storage tank associated with this tankless water heater?

Qualifies for Rebate:

- Scenario A - Answer 1: No, Answer 2: N/A
- Scenario B - Answer 1: Yes, Answer 2: Yes

Does Not Qualify for Rebate:

- Scenario C: Answer 1: Yes, Answer 2: No

Extra 50% Rebates for Public Agencies Extended Through June 30, 2022

The additional 50% rebate on top of standard rebate amounts available for public agencies has been extended to purchases made through June 30, 2022. For example, qualified equipment that is purchased by this date, is installed at a public facility within one calendar year of purchase, and has a standard rebate of \$1,000, may be entitled to receive an extra rebate of \$500 for a total rebate of \$1,500.

The updated Energy Efficiency Rebates for Business Rebate Guide and Application can be found [here](#). Contact your Trade Pro Account Executive for full rebate application support or if you have any questions about project eligibility.

*This additional rebate is dependent upon the EERB being in full force and effect and funded as of the time of application.

****By clicking the link, you will transfer directly to the website of a third-party provider which is not part of SoCalGas. The Terms and Conditions and Privacy Policy on that website will apply.**

The Energy Efficiency Rebates for Business (EERB) program is funded by California utility customers, and is administered by Southern California Gas Company (SoCalGas) under the auspices of the California Public Utilities Commission. Program funds, including any funds utilized for rebates or incentives, will be allocated on a first-come, first-served basis until such funds are no longer available. The EERB program may be modified or terminated without prior notice. Eligibility requirements apply. The selection, purchase and ownership of goods and services are the sole responsibility of the customer. SoCalGas makes no representation as to the safety, reliability and/or efficiency of selected goods and services. SoCalGas makes no warranty, whether expressed or implied, including warranty of merchantability or fitness for any particular purpose, use or application of selected goods and services. SoCalGas does not recommend, endorse, qualify, guarantee or make any representations or warranties regarding the services, work, quality, financial stability or performance of any vendor listed in the Trade Professional Directory, or the products and services they offer. Vendors are listed in the directory because they elected to provide their name and contact information and not because they hold any particular license or certification. The information in the directory is provided simply as a convenience to customers who wish assistance in locating vendors, and SoCalGas shall not be a party or guarantor to any agreement between a customer and a vendor. Customers are strongly encouraged to perform their own research and due diligence, and to obtain multiple bids or quotes when seeking a vendor to perform any type of energy-efficiency work. The information contained herein is made available solely for informational purposes. Although SoCalGas has used reasonable efforts to assure the accuracy of the information at the time of its inclusion, no express or implied representation is made that it is free from error or suitable for any particular use or purpose. SoCalGas assumes no responsibility for any use thereof by you, and you should discuss decisions related to this subject with your own advisors and experts.
