

SHAPING THE FUTURE WITH **GREEN HYDROGEN**

JUNE 2022 NEWSLETTER

INFORMATIONAL WEBINARS

As part of Phase 1 project activities described in our Memorandum Account Application, we hosted two informational webinars in May about Angeles Link to provide customers and stakeholders opportunities to learn and ask questions about the proposal. The presentation used during the webinar is available [here](#).

IN THE NEWS

- SoCalGas president, Maryam Brown, appeared in an energy segment of “[Inside the Issues with Alex Cohen](#)”^{*} on Spectrum1 News on May 18th, 2022. The interview provides an overview of Angeles Link and important safety values integral to the company.
- On May 18th, California Governor Newsom [announced](#)^{*} California’s intention to pursue a coordinated statewide effort to apply for federal funding for an environmentally and economically sustainable renewable hydrogen hub.

Governor Newsom’s [May Revision](#)^{*} to the State Budget also proposes statewide funding for green hydrogen production to accelerate hydrogen market development, including zero-emission vehicle market acceleration, industrial decarbonization, and long duration energy storage.

APPLICATION PROCESS

The California Public Utilities Commission issued its [Scoping Ruling](#) for SoCalGas’ Angeles Link Project [Memorandum Account Application](#). A proposed decision on the Application is expected in the 4th quarter of 2022.
