

Small Business Opportunities Program

The Small Business Opportunities (SBO) Program offers eligible SoCalGas commercial customers impacted by the COVID-19 pandemic no cost Energy Assessment and Coaching Sessions to assist in potentially reducing their energy use. The Program is implemented by Willdan Energy Solutions ("Willdan") on behalf of SoCalGas.

By enrolling, customers may receive the following services and support from a dedicated Program Energy Ambassador at no cost:

Energy Assessment - An on-site energy assessment to help identify no- and low-cost opportunities that could potentially reduce energy costs.

Coaching Sessions - Four energy management coaching sessions to:

- Review rate options to meet specific needs, as applicable;
- Discuss and refer energy saving programs offered by SoCalGas that may help reduce energy use by implementing certain energy savings measures and/or offsetting installation costs of energy savings measures;
- Help guide potential energy savings project development efforts.

This Statewide Program is funded by California utility ratepayers under the auspices of the California Public Utilities Commission ("CPUC") and is implemented by Willdan to eligible Southern California Gas Company (SoCalGas) customers through a contract with San Diego Gas & Electric Company. This Program may be modified or terminated without prior notice and Program funds are provided to qualified customers on a first-come, first-served basis until Program funds are no longer available. Eligibility requirements apply. Customers who choose to participate in this Program are not obligated to purchase any additional goods or services offered by Willdan. The trademarks used herein are the property of their respective owners. Actual savings may vary and will depend on various factors, including geographic location, weather conditions, equipment installed, usage rates and similar factors.
