**NOTICE OF APPLICATION
SOUTHERN CALIFORNIA GAS COMPANY REQUEST TO
INCREASE RATES AND REVENUES FOR THE
CUSTOMER INFORMATION SYSTEM REPLACEMENT PROGRAM APPLICATION
APPLICATION FILING A.25-05-004**

Why am I receiving this notice?

On May 9, 2025, Southern California Gas Company (SoCalGas®) filed Application A.25-05-004 to recover additional operations and maintenance (O&M) costs for its Customer Information System Replacement Program with the California Public Utilities Commission (CPUC). The application is requesting a total increase of \$25.6 million in revenue to recover costs above the previously approved O&M project cost.

Why is SoCalGas requesting this rate increase?

In SoCalGas's 2024 GRC, the CPUC authorized the replacement of SoCalGas's outdated Customer Information System (CIS) to meet evolving technology, business demands, and to better serve its customers. This replacement project is currently underway and expected to be completed in 2027. The CPUC previously approved \$10 million per year in O&M costs for the four-year GRC period for a total of \$40 million dollars.

This request for additional O&M funding would cover the following:

- labor,
- software,
- contractor services, and
- other project-related expenses

How could this affect my monthly gas rates?

If SoCalGas's request is approved by the CPUC, SoCalGas's rates for gas service will increase. The average residential gas monthly bill using 36 therms per month would increase by approximately \$0.31 or 0.4% per month in 2026.

The table below does not necessarily reflect the changes that you may see on your bill. Changes in individual bills will also depend on how much electricity or gas each customer uses.

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SoCalGas's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

**NOTICE OF APPLICATION
SOUTHERN CALIFORNIA GAS COMPANY REQUEST TO
INCREASE RATES AND REVENUES FOR THE
CUSTOMER INFORMATION SYSTEM REPLACEMENT PROGRAM APPLICATION
APPLICATION FILING A.25-05-004**

Why am I receiving this notice?

On May 9, 2025, Southern California Gas Company (SoCalGas®) filed Application A.25-05-004 to recover additional operations and maintenance (O&M) costs for its Customer Information System Replacement Program with the California Public Utilities Commission (CPUC). The application is requesting a total increase of \$25.6 million in revenue to recover costs above the previously approved O&M project cost.

Why is SoCalGas requesting this rate increase?

In SoCalGas's 2024 GRC, the CPUC authorized the replacement of SoCalGas's outdated Customer Information System (CIS) to meet evolving technology, business demands, and to better serve its customers. This replacement project is currently underway and expected to be completed in 2027. The CPUC previously approved \$10 million per year in O&M costs for the four-year GRC period for a total of \$40 million dollars.

This request for additional O&M funding would cover the following:

- labor,
- software,
- contractor services, and
- other project-related expenses

How could this affect my monthly gas rates?

If SoCalGas's request is approved by the CPUC, SoCalGas's rates for gas service will increase. The average residential gas monthly bill using 36 therms per month would increase by approximately \$0.31 or 0.4% per month in 2026.

The table below does not necessarily reflect the changes that you may see on your bill. Changes in individual bills will also depend on how much electricity or gas each customer uses.

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SoCalGas's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

**NOTICE OF APPLICATION
SOUTHERN CALIFORNIA GAS COMPANY REQUEST TO
INCREASE RATES AND REVENUES FOR THE
CUSTOMER INFORMATION SYSTEM REPLACEMENT PROGRAM APPLICATION
APPLICATION FILING A.25-05-004**

Why am I receiving this notice?

On May 9, 2025, Southern California Gas Company (SoCalGas) filed Application A.25-05-004 to recover additional operations and maintenance (O&M) costs for its Customer Information System Replacement Program with the California Public Utilities Commission (CPUC). The application is requesting a total increase of \$25.6 million in revenue to recover costs above the previously approved O&M project cost.

Why is SoCalGas requesting this rate increase?

In SoCalGas's 2024 GRC, the CPUC authorized the replacement of SoCalGas's outdated Customer Information System (CIS) to meet evolving technology, business demands, and to better serve its customers. This replacement project is currently underway and expected to be completed in 2027. The CPUC previously approved \$10 million per year in O&M costs for the four-year GRC period for a total of \$40 million dollars.

This request for additional O&M funding would cover the following:

- labor,
- software,
- contractor services, and
- other project-related expenses

How could this affect my monthly gas rates?

If SoCalGas's request is approved by the CPUC, SoCalGas's rates for gas service will increase. The average residential gas monthly bill using 36 therms per month would increase by approximately \$0.31 or 0.4% per month in 2026.

The table below does not necessarily reflect the changes that you may see on your bill. Changes in individual bills will also depend on how much electricity or gas each customer uses.

Summary of Illustrative Gas Class Average Rates

System Total	66.195 ¢	66.503 ¢	0.5%	0.308 ¢

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SoCalGas's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

**NOTICE OF APPLICATION
SOUTHERN CALIFORNIA GAS COMPANY REQUEST TO
INCREASE RATES AND REVENUES FOR THE
CUSTOMER INFORMATION SYSTEM REPLACEMENT PROGRAM APPLICATION
APPLICATION FILING A.25-05-004**

Why am I receiving this notice?

On May 9, 2025, Southern California Gas Company (SoCalGas®) filed Application A.25-05-004 to recover additional operations and maintenance (O&M) costs for its Customer Information System Replacement Program with the California Public Utilities Commission (CPUC). The application is requesting a total increase of \$25.6 million in revenue to recover costs above the previously approved O&M project cost.

Why is SoCalGas requesting this rate increase?

In SoCalGas's 2024 GRC, the CPUC authorized the replacement of SoCalGas's outdated Customer Information System (CIS) to meet evolving technology, business demands, and to better serve its customers. This replacement project is currently underway and expected to be completed in 2027. The CPUC previously approved \$10 million per year in O&M costs for the four-year GRC period for a total of \$40 million dollars.

This request for additional O&M funding would cover the following:

- labor,
- software,
- contractor services, and
- other project-related expenses

How could this affect my monthly gas rates?

If SoCalGas's request is approved by the CPUC, SoCalGas's rates for gas service will increase. The average residential gas monthly bill using 36 therms per month would increase by approximately \$0.31 or 0.4% per month in 2026.

The table below does not necessarily reflect the changes that you may see on your bill. Changes in individual bills will also depend on how much electricity or gas each customer uses.

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SoCalGas's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.
