These PPHs are part of the formal CPUC proceeding (A.25-05-001) that will be transcribed and placed into the formal record so the CPUC can make an informed decision about SoCalGas's request. At these hearings, you can make comments or raise concerns to the CPUC's Administrative Law Judge overseeing this proceeding.

WHERE AND WHEN WILL THE PPHS BE HELD?

A total of six PPHs will be held, with four in person and two held remotely. A quorum of commissioners may attend, but no decisions will be made or voted on at these PPHs.

WHY AM I RECEIVING THIS NOTICE?

On May 2, 2025, SoCalGas filed its Branch Offices Closure Proposal Application with the CPUC to close its remaining 43 branch offices. SoCalGas's branch offices provide customers the ability to pay their bills in-person, inquire about their accounts, and complete other service transactions.

SoCalGas's branch offices have become an increasingly under-utilized service channel. Technological advancements and evolving customer preferences towards conducting transactions over the internet and telephone have enabled customers to access reasonably comparable customer service through alternative self-service channels and have reduced customers reliance on in-person branch office interactions. Further, reasonably comparable alternatives for in-person bill payments are available through Authorized Payment Locations (APLs), with 394 locations in SoCalGas's service territory compared to the remaining 43 branch offices. The APLs have similar payment processing capabilities, thereby reducing the need for branch offices.

SoCalGas's closure proposal supports customer affordability through expected annual savings, consistent with the CPUC's decision approving other Investor-Owned Utilities' (IOUs) closure of remaining branch offices.
