

**APPLICATION OF SOUTHERN CALIFORNIA GAS COMPANY FOR ANGELES LINK PHASE 1
REASONABLENESS REVIEW (DATA REQUEST Cal PA-SCG-14)**

Date Requested: April 13, 2026, Submitted: April 27, 2026

The following questions refer to SoCalGas response of “Yes” to Cal Advocates-SCG-A2506011-011 Question 2 “Were any costs associated with the San Joaquin Valley and Lancaster pipeline segments (Hub Segments)” as described in A.25-06-011 Chapter 1 Testimony SA-AK-3 included in Phase I cost recovery? If not, why?”.

QUESTION 1: What dollar amount of costs for the Hub Segments was included in Phase 1 recovery? Provide supporting documentation and invoices.

RESPONSE 1:

The Hub Segments are part of Angeles Link. SoCalGas did not track the costs of the Hub Segments separately.

Date Requested: April 13, 2026, Submitted: April 27, 2026

QUESTION 2: What activities for the Hub Segments correspond to the costs sought in Phase I recovery?

RESPONSE 2:

The Hub Segments are part of Angeles Link and accordingly were included in the Phase 1 Feasibility Studies. The Phase 1 Feasibility Studies are available at:

<https://www.socalgas.com/regulatory/angeleslink>

Date Requested: April 13, 2026, Submitted: April 27, 2026

QUESTION 3: Are the Hub Segments described anywhere in the Angeles Link Phase I Final Studies? If so, where? If not, why?

RESPONSE 3:

SoCalGas objects to this request on the grounds it is unduly burdensome to the extent this information is equally available to the requesting party. Subject to and without waiving the foregoing objection, SoCalGas responds as follows.

Yes. The Hub Segments are part of Angeles Link. See Response 2.

Date Requested: April 13, 2026, Submitted: April 27, 2026

QUESTION 4: Were the Hub Segments discussed with the Angeles Link Planning Advisory Group (PAG)? If so, describe the focus of the discussion, when it occurred, and with what PAG members. Provide transcripts, memos, and reports, if available. If the Hub Segments were not discussed with PAG members, explain why.

RESPONSE 4:

SoCalGas objects to this request on the grounds it is unduly burdensome to the extent this information is equally available to the requesting party. Subject to and without waiving the foregoing objection, SoCalGas responds as follows.

Yes. See quarterly reports available at: <https://www.socalgas.com/regulatory/angeleslink>. The quarterly reports include summaries and transcripts of the PAG meetings.

Date Requested: April 13, 2026, Submitted: April 27, 2026

QUESTION 5: Were any costs incurred for the Hub Segments between January 2023 and December 2024 not included in Phase 1 recovery? If so, what dollar amount and why were those costs not included?

RESPONSE 5:

SoCalGas objects to this request as vague and ambiguous, particularly with respect to the phrase “costs incurred for the Hub Segments.” Subject to and without waiving the foregoing objections, SoCalGas responds as follows.

SoCalGas interprets this request to seek whether costs related to the Hub Segments that were recorded to the Angeles Link Memorandum Account (ALMA) were excluded in this Application for cost recovery.

No.

QUESTION 6: When did SoCalGas begin work on the Hub Segments, including but not limited to pre-FEED design, location selection, conceptualization, routing, cost-estimating, pipeline sizing, writing up description for ARCHES submittal?

RESPONSE 6:

SoCalGas began work on the Hub Segments in December 2022.
