Great, that will make things a lot easier to send and share. I'll check in the week of the 15th to make sure I have the list of folks to include when I send via Kiteworks on the 24th.

Thanks!

All - As long as a link is sent to me, I should be able to gather items from Kiteworks without trouble.

Thanks.

Hi [REDACTED],
Kiteworks should be fine, but I'll confirm with our consulting team who will be assisting with the review of the draft PEA.
Mike

Good morning Mike,

I had a question about delivery of the Draft PEA for you and the team to review. As you know from the extension request and the CPUC Executive Director's response we are planning to provide the Draft PEA to you all on May 24, 2023.

Per the PEA Checklist regarding the Draft PEA:

3. Draft PEA Provided Prior to PEA Filing

A complete Draft PEA will be filed at least three months prior to application filing. CPUC CEQA Unit Staff and the CPUC consultant team will review and provide comments on the Draft PEA to the Applicant early in the three-month period to allow time for Applicant revisions to the PEA.

In planning for sending/sharing the Draft PEA with you, can we provide the Draft PEA all electronically via Kiteworks or do you have a different requirement or expectation for hard copies and electronic versions on discs?

I want to make sure I let our team know so that we prepare to transmit/ship the Draft PEA in the appropriate format for your review.

Regards,

Regulatory Affairs
SoCalGas

Hi Mike,

Nick Hontucan (Project Manager for the VCM) would be the contact for invoicing. He is copied above.

Let me know of any further questions,

Hi [REDACTED],

Can you identify a contact at SoCalGas for invoicing?

Thanks.

Mike
