Hi Mike,

I will plan to file the post ex parte report tomorrow with an outline of the topic discussed.

Feel free to call me if you have any questions.

Sincerely,

Hi [REDACTED],

Thanks for bringing this to my attention. Yes, please file a pre and post meeting ex parte notice to the proceeding that includes the topics discussed.

My apologies for not informing SoCalGas of that the Assigned Commissioner's staff would be attending.

Thanks,

Mike

Subject: RE: Ventura Compressor Station Modernization Project Discussion of Quantitative Risk Analysis of Project Alternatives

Hi Michael,

I didn't get a chance to formally introduce myself on Friday, but I was one of the individuals in the room with all the tech issues 😊 My name is Yvonne and am part of the SoCalGas/SDG&E Regulatory Relations team in our San Francisco office.

I noticed during the call that Victor Smith, from Assigned Commissioner Houck's office, was in attendance. Since our discussion was related to the Ventura Compressor Station which is preliminarily categorized as a rate-setting proceeding. Are you planning to file an ex parte notice? I wasn't part of the early discussions regarding the purpose of the call or initial request, and I am not certain who initiated the conversation so wanted to make sure I follow-up on reporting.

Please feel free to call me.
