Hi [REDACTED],

I forgot to mention - sometimes we scrub for personal information (home numbers and addresses). But I don't think that's relevant to this disclosure.

Thanks Jack. I will give the Aspen team a heads up that the invoices will be made public.

Hi all,

I think we should let Aspen know that SoCalGas is going to produce these documents as a courtesy.

But I don't think there is a legal reason that we would withhold the documents if we received a PRA request. So - I don't think we'd have any ground to object to SoCalGas producing them.

Thanks

Hi Mike,

Thanks for getting back to me. It does not look like Jack was added to the thread.

Thanks,

Hi [REDACTED]  
I don't have any concerns with the data request but have copied Jack Mulligan, assigned attorney, for his opinion.  
Thanks,  
Mike

Hi Mike,

As [REDACTED] has previously informed you, SoCalGas has received some fairly large Data Requests from the City of Ventura regarding the Ventura Compressor Station CPCN. One of the questions is requesting SoCalGas to *“Please produce all Documents concerning the Proposed Project sent to and received from Commission staff since the Assigned Commissioner’s Scoping Memo and Ruling was issued on or about October 3, 2022, in proceeding A.22- 05-016.”* SoCalGas has been receiving invoices from the CPUC Fiscal – Accounts Receivable Unit, which contain Aspen/subcontractor rates and other information. To be responsive to this data request, SoCalGas intends to provide these emails and the attached invoices. Do you have any concerns with providing these documents?

Thank you,
